

Questions and Answers as of March 7, 2022 to CHFA 246-Request for Qualifications (“RFQ”) for Resource Centers:

Question: Can you further define 10+ years’ experience acting as a customer facing resource for a federal funded or state funded housing assistance program? Would the operation of a transitional housing facility for youth under a federally funded program be eligible?

Answer: CHFA encourages any agency with the required 10+ years’ of experience acting as a customer facing resource for a federal or state funded housing assistance program to apply.

Question: Can you share the amount of funding that is dedicated to this effort or the number of households you are targeting for assistance? Is CHFA contemplating a role for solely online certification/underwriting of applications?

Answer: CHFA anticipates assisting between 3,600 – 6,000 households through the MyHomeCT program. Selected resource centers will be required to have an in-person availability as well as telephone and electronic options. CHFA has engaged a vendor to process and underwrite the MyHomeCT applications, the resource center is not underwriting these files. Question: What is the “duration of the Program” for purposes of completing the anticipated budget in Section I in the Application for Funding (page 3)?

Answer: It is anticipated that funding for the program will be available the sooner of when funds allocated to Connecticut have been expended or September 30, 2025, whichever comes first.
