

ASSURANCE OF UTILITIES - Multifamily Underwriting

CONNECTICUT HOUSING FINANCE AUTHORITY

999 West Street
Rocky Hill, CT 06067

DEVELOPMENT NAME		APPLICANT	
ARCHITECT OF RECORD			

In conjunction with the professional services provided to the Applicant for the Development, we, the Architect of Record/Design Team/Civil Engineer, contacted applicable authorized representative(s) at each public or private utility company(ies) providing services to the Development, all as noted on the approved Site Plan prepared by the Architect of Record or Civil Engineer and submitted to the Connecticut Housing Finance Authority by the Applicant with the Consolidated Application.

The Architect of Record or Civil Engineer hereby confirms to the Connecticut Housing Finance Authority that each of the utility services checked below are currently available in adequate capacities to serve the Development's site and that each public utility company(ies), or other utility provider, as applicable, has agreed to provide such utility(ies) in adequate capacity(ies) to serve the Development, as noted on the Development's Site Plan prepared under the guidance of the Architect of Record and submitted to the Connecticut Housing Finance Authority with the Consolidated Application. Architect/Engineer confirms the sizing of the existing utilities and new or altered utilities to be provided, and they confirm utilities sizing listed on Utility Plans and Survey is adequate given the proposed capacity.
