Reporting period:  
October 1, 2022-September 30, 2023

# MISSION & VISION

## Mission

To alleviate the shortage of housing for low- and moderate-income families and persons in this state and, when appropriate, to promote or maintain the economic development of this state through employer-assisted housing efforts.

## Vision

“

That all low-and moderate-income residents in Connecticut have a range of choices where they can live in affordable, safe, and quality housing.

”

# OVERVIEW

## PROMOTION OF FAIR HOUSING CHOICE AND RACIAL AND ECONOMIC CHOICE

At CHFA, we know that where you live matters. We also recognize that the choice of where you live is profoundly impacted by your income and identity.

It is for this reason that the Fair Housing Act along with other state and federal laws were established – to constitute a housing market that is free from discrimination based on race, color, religion, sex, disability, familial status, and national origin.

CHFA maintains an ongoing commitment to eliminating racial and ethnic segregation as well as other barriers to persons with disabilities and other discriminatory practices in housing.

In accordance with C.G.S. 8-37bb, CHFA collects the racial composition of persons moving in to a CHFA multifamily development, those occupants currently residing in a development, and those on the waiting list of a housing development supervised by the agency to ensure the agency is fair in promoting fair housing choice and racial and economic integration. CHFA also collects the demographic information of our single family borrowers to ensure our programs are reaching those who need them most.

The data herein captures statistics on housing programs as well as a data collection of unit production and characteristics of household earnings by income, race, and ethnicity for the reporting period of October 1, 2022 through September 30, 2023.

## SINGLE FAMILY HOMEBUYER MORTGAGE LENDING

CHFA provides below-market interest rates to first-time Connecticut homebuyers or buyers who have not owned a home in the last three years.

This is feasible through the issuance of federal private activity bonds used to support single family purchases. Proceeds from the sales of tax-exempt bonds allow CHFA to offer an interest rate that is typically lower than conventional mortgage products.

# HOMEBUYER EDUCATION

CHFA knows that buying a home is a big step and provides a variety of educational workshops to help individuals make sound and informed financial decisions along the way. Financial fitness workshops are beneficial to prospective homebuyers as they cover a wide range of topics including how to re-establish credit, the importance of maintaining a budget, and what it takes to be “mortgage ready.”

CHFA borrowers are required to attend at least one homebuyer education workshop that will guide them through the homebuying process and educate them on what it takes to become a successful homeowner. The workshops cover a variety of topics – from seeking mortgage pre-approval to shopping for a home to making an offer and ultimately reach the closing process. The homebuyer education and financial fitness workshops are offered through CHFA at no cost.

During this reporting period, over 3,800 attendees received some form of homebuyer and/or foreclosure prevention education. An additional 1,675 households received one-on-one counseling services from CHFA’s partner organizations, a 50% increase over the previous year, demonstrating the immense need and desire of CT residents to learn about achieving and maintaining homeownership.

# TIME TO OWN PROGRAM

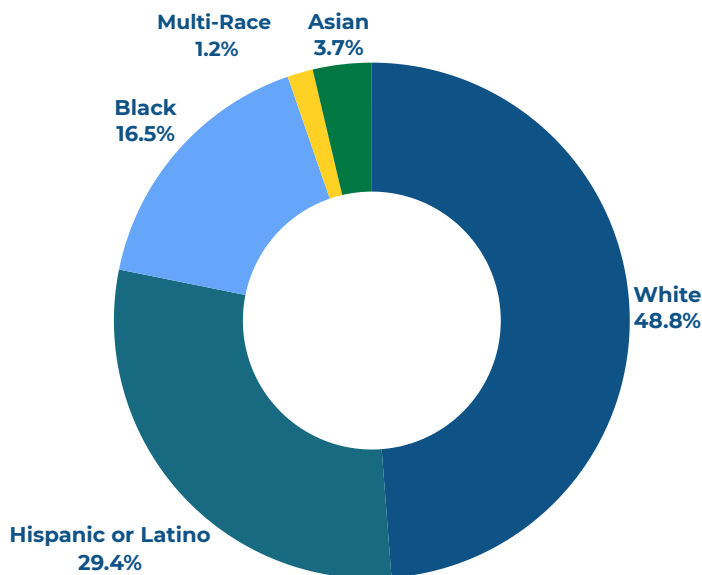

## PROGRAM OVERVIEW

On behalf of the Department of Housing, CHFA administers the Time To Own forgivable down payment assistance program. The program opened in June 2022 and was designed to help alleviate a potential homebuyer’s inability to cover down payment and closing costs. Working in union with CHFA’s first mortgage programs, Time To Own provides zero percent forgivable loans of up to \$50,000 to eligible homebuyers for down payment assistance with ten percent of the principal balance forgiven annually.

## TARGETING EFFORTS

CHFA deployed resources and concentrated outreach efforts in the state’s urban core areas of Bridgeport, Hartford, New Haven, New London, Norwich, and Waterbury. A strong focus was placed on homebuyers earning 100% or less of the area median income. Outreach efforts included utilizing both traditional (radio and grassroots events partnered with community organizations, real estate agents, lending institutions, housing counseling agencies) and digital platforms (social media, digital ads and CHFA's website).

# MYHOMECT PROGRAM

## PROGRAM OVERVIEW

Under the American Rescue Plan Act of 2021, Connecticut was awarded approximately \$123 million to establish MyHomeCT, a program funded by the Homeowner Assistance Fund (HAF). The CT Department of Housing appointed the Connecticut Housing Finance Authority (CHFA) to administer it on its behalf. The goal of MyHomeCT is to cure mortgage delinquencies and defaults and prevent foreclosures among eligible homeowners that occurred as a result of the COVID-19 pandemic. As of September 2023, CHFA has closed the MyHomeCT program to new applications as CHFA has committed almost all of the available funding to eligible homeowners.

## MARKETING EFFORTS

Since the launch of the program, CHFA staff has worked to promote MyHomeCT across the state, ensuring awareness and understanding of the program. Throughout the reporting period, MyHomeCT was promoted at more than 40 events in over twenty Connecticut towns. Recognizing that communities of color were disproportionately impacted by COVID-19, CHFA made special effort to promote MyHomeCT at events meant to reach BIPOC households including the Bridgeport and Hartford Latino Festivals, the Black Business Expo and the Waterbury Baptist Church Homeownership Event.

# CHFA MULTIFAMILY RENTAL HOUSING

## A BRIEF STORY ABOUT OUR PROGRAMS

CHFA maintains two independent multifamily portfolios that total **598** developments and **35,362** apartments located in **111** communities across the state. The CHFA housing portfolio consists of **320** developments with **25,329** apartments and the State Sponsored Housing Portfolio (SSHP) is comprised of **278** developments with **10,033** apartments.

# CHFA MULTIFAMILY PORTFOLIOS:

Developments in the CHFA housing portfolio are funded by a combination of CHFA financing, federal 4% and 9% Low-Income Housing Tax Credits (LIHTCs), State and Federal historic tax credits, State Tax Credit Contributions (HTCCs) and/or public or private funds.

State-Sponsored Housing Portfolio developments were initially funded and constructed using funds appropriated through State statutory programs. Rehabilitation and/or redevelopment of SSHP properties utilize special state funding in conjunction with a combination of CHFA financing, federal 4% and 9% Low-Income Housing Tax Credits (LIHTCs), State and Federal historic tax credits, State Tax Credit Contributions (HTCCs) and/or public or private funds.

All entities that receive financial assistance from CHFA to conduct their housing programs are required to uphold fair housing activities and complete a Fair Housing Marketing Plan that will include:

- an outlined marketing strategy and outreach effort that identifies the market area
- the identified group least likely to apply for housing
- the method of marketing to be used to reach this group
- the expected outcome of this marketing

# LOW-INCOME HOUSING TAX CREDIT (LIHTC) PROGRAM:

---

## PROGRAM OVERVIEW

CHFA is the administering entity of the federal Low-Income Housing Tax Credit program in Connecticut. The program stimulates private investment of affordable housing by awarding tax credits to developers. Developers then sell these tax credits to private investors to obtain equity funding that is used to acquire, rehabilitate, and/or construct new affordable housing. Developers often leverage private financing along with public sources.

The LIHTC Program requires each state to approve a plan for the distribution of the credits that is relevant to that state's housing needs and is consistent with that state's housing priorities. This plan is known as the Qualified Allocation Plan (QAP).

The QAP establishes guidelines and procedures for the acceptance, scoring and competitive ranking of LIHTC applications for each funding round. The QAP is reviewed and modified periodically to ensure that it meets the affordable housing needs and priorities of the State as articulated in the Analysis of Impediments to Fair Housing Choice.

Affirmative Fair Marketing criteria is also included in CHFA Management Agreements such as the Fair Housing Policy Statement of the Consolidated Application (ConApp) for Housing Development. Administered between CHFA and the Department of Housing (DOH), this policy requires that applicants complete a Fair Housing Impacts form identifying:

- How the project will address fair housing – i.e., type of tenure
- How the project will serve income ranges that are under-represented in the located census tract
- How the location of the project will promote diversity once approved for financing

# MONITORING AND COMPLIANCE:

CHFA's staff conducts site visits to monitor and ensure that developments satisfy and meet the criteria of the QAP and the policy objectives and Administrative Requirements of the Authority.

CHFA's asset management division monitors its multifamily portfolios and provides guidance to property owners on ways to effectively meet their responsibility of ensuring that compliance with regulatory agreements and Fair Marketing laws and policies are upheld.

Staff also assist property owners in reviewing the property's waiting list to certify that the selection process remains fair and open.

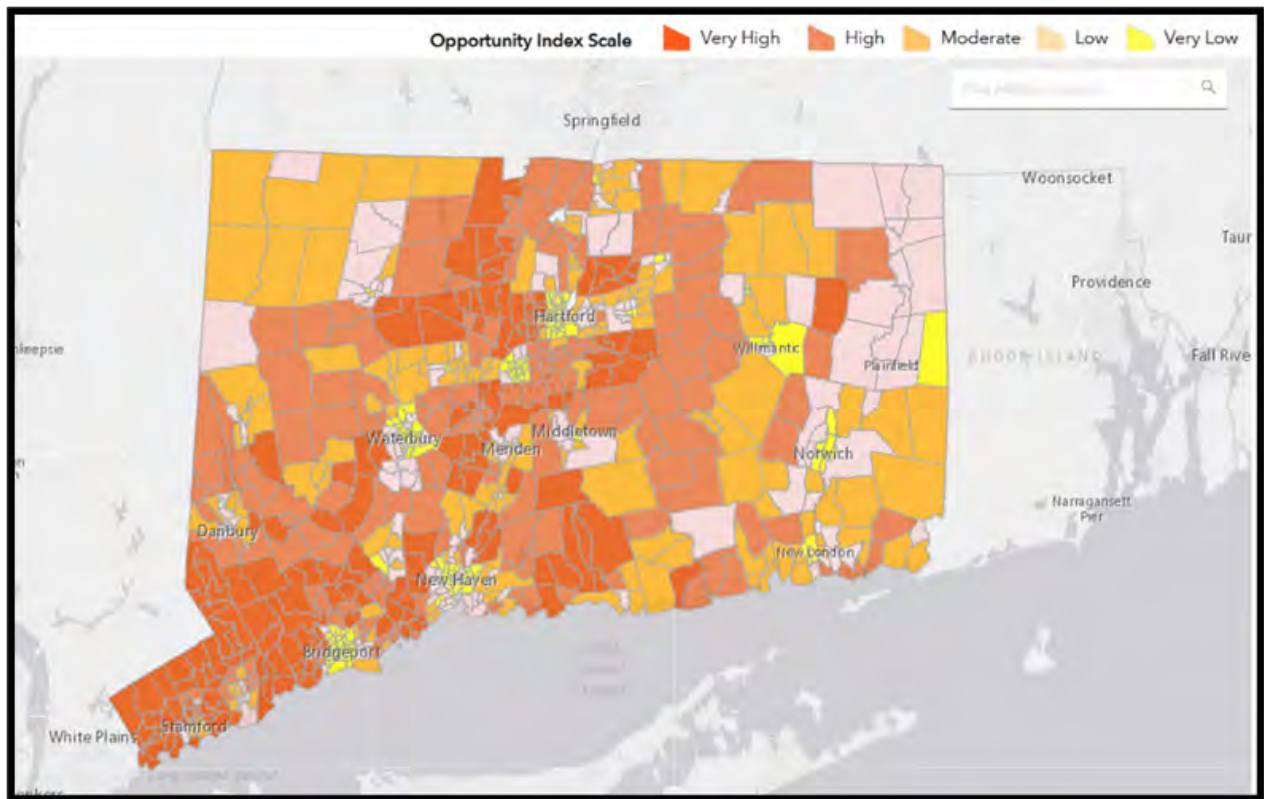

The Fair Housing Act (FHA) prohibits housing providers from unfair or discriminatory practices against applicants or residents by virtue of their disability. CHFA affirms a commitment to eliminating racial and ethnic segregation as well as other barriers to persons with disabilities and other discriminatory practices in housing.

# OPPORTUNITY MAPPING

CHFA continues to utilize its Opportunity Mapping platform to determine areas of housing inequality and to assist in making informed decisions on multifamily investment strategies. Opportunity mapping is an analytical tool that deepens our understanding of "opportunity" dynamics within different communities. With a data-driven understanding of the geography of opportunity, CHFA can better determine which communities have access to more resources and how to remedy opportunity inequality. Mapping this geography informs an overall multifamily investment strategy that aims to promote greater housing choice by helping people in historically disenfranchised groups connect to areas that are economically thriving relative to other areas within the state. Often the designation of a community as "lower opportunity," or opportunity-isolated, reflects the history of discriminatory policies and disinvestment in those communities.
