

CONNECTICUT HOUSING FINANCE AUTHORITY

C.G.S. SECTION 8-37bb REPORT

OCTOBER 1, 2005 through SEPTEMBER 30, 2006

Summary of Highlights

- 4,001 home mortgage loans were purchased from participating lenders through CHFA's Homebuyer Mortgage Program totaling \$678 million. This program provides mortgage loans to low- and moderate-income households purchasing their first homes. During the reporting period, loans were purchased in 139 municipalities across the State.
- The average family income for CHFA borrowers is \$58,726. This is approximately 77.9 percent of the statewide median income of \$75,400. Sixty-one percent of all loans purchased were for households with incomes less than 100 percent of the Area Median Income; 31 percent of all loans were for households with incomes less than 80 percent of the Area Median Income; 25.6 percent of all home mortgage loans were for minority households.
- 1,504 Downpayment Assistance Program (DAP) second mortgages were purchased totaling \$13 million. The average DAP loan was \$9,023. This program provides low-interest second mortgage loans to qualified low- and moderate-income CHFA mortgages. The loans are made to provide a downpayment and to fund certain closing costs including mandatory education and counseling.
- The average income of families receiving a DAP loan was \$60,599. Fifty-nine percent of all DAP second mortgage loans purchased were provided to households with incomes less than 100 percent of the Area Median Income; 27.6 percent of all loans were provided to households with incomes at or less the 80 percent of the Area Median Income; 30 percent of all DAP second mortgages were made to minority households.
- 172 single family units of newly constructed or significantly rehabilitated housing were placed in-service during this period utilizing \$30 million in CHFA financing.
- 525 multifamily rental housing units were placed in service to eligible households during the period of which 496 were reserved for occupancy by households earning less than 60 percent of Area Median Income (AMI) adjusted for family size.
- 3,274 persons entering residence in CHFA financed multifamily developments during this period, of which 82% were at or below 80 percent of Area Median Income and 29.6% were minority households; of the total number of households residing in rental housing financed by CHFA as of September 30, 2006, 90.2% had incomes at or below 80 percent of Area Median Income and 31.2% were minority households.
- 1,259 persons established residence in the Authority's State Housing Portfolio (transferred to the Authority in 2003) of which 99.6% were at or below 80% of Area Median Income and 38% were minority households. Of households residing in the Authority's State Housing Portfolio as of September 30, 2006, 99.5% had incomes at or below 80 percent of Area Median Income and 26.9% were minority households.
- During the period the Authority initiated program activity to promote fair housing choice and racial and economic integration through homeownership and providing technical assistance and predevelopment funding to support additional development.

Section Ten

*Promotion of Fair Housing Choice
And
Racial and Economic Integration*

Promotion of Fair Housing Choice and Racial and Economic Integration

This section describes the policies and practices of the Authority which are aimed at promoting fair housing choice and racial and economic integration. Also described are the results of these efforts for the period covered by this report, October 1, 2005 through September 30, 2006. The Connecticut Housing Finance Authority (CHFA) is committed to expanding social, racial, and economic integration in all of its housing programs in accordance with CGS Sec. 8-37bb(b). This goal is pursued through the promotion of housing opportunities in a manner which expands housing choice for individual renters and prospective first-time homebuyers. The means for achieving this goal are contained in several policy objectives, operational rules and program standards which govern the use of CHFA funds.

The expansion of social, racial, and economic integration is promoted through:

- Providing lower cost permanent mortgage financing statewide to developers and individuals, making possible housing choices that would not otherwise have been available without such financing;
- Providing homebuyer education and financial and credit counseling to single family homebuyers;
- Providing priority consideration for construction and/or rehabilitation efforts which diversify the housing stock in non-diverse areas, thereby expanding housing opportunity and choice in those areas; and
- Ensuring affirmative marketing and equal opportunity lending practices which promote a sufficiently broad and diversified market base and which extend housing opportunity and choice necessary for the promotion of integration.

State Housing Policy

The Connecticut Housing Finance Authority operates under the general policy objectives found in the Conservation and Development Policies Plan 2005-2010 (the C&D Plan), the State of Connecticut Consolidated Plan for Housing and Community Development 2005-2009 (the ConPlan), and the State of Connecticut Long Range State Housing Plan 2005-2009 (Long Range Plan). By statute, the Authority's Annual Budget and Plan must be consistent with the Long Range Plan which was developed by the Department of Economic and Community Development in collaboration with the Authority, other state agencies and advocacy groups. The Authority's Annual Budget and Plan of Operations is adopted annually by the Authority's Board which includes the Secretary of the Office of Policy and Management, the Commissioners of the Departments of Economic and Community Development and Banking, the State Treasurer in addition to public members. The document is then submitted to the Commissioner of the Department of Economic and Community Development.

Conservation and Development Policies Plan 2005-2010

The C&D Plan provides the policy and planning framework for administrative and programmatic actions and capital in operational investment decisions of state government. It provides several over-arching measure growth principles to guide such decision-making. The two principles most directly relevant to the Authority's activities are:

Conservation and Development Policies Plan 2005-2010 continued:

-Growth Management Principle #1 - Redevelop and Revitalize Regional Centers and Areas with Existing or Currently Planned Physical Infrastructure, and

-Growth Management principle #2 - Expand Housing Opportunities and Design Choices to Accommodate a Variety of Housing Types and Needs.

Housing activities of the Authority ranging from urban neighborhood revitalization, as well as the promotion of new housing opportunities where the range of choices is limited are consistent with these growth management principles.

State of Connecticut Consolidated Plan for Housing and Community Development 2005 - 2009
State of Connecticut Long-Range Housing Plan 2005 - 2009

Developed by the State Department of Economic and Community Development the State's ConPlan is a comprehensive five-year plan for the allocation of state housing funds and federal HOME dollars, established for a five-year period with annual updates and performance reports. Designed to also be consistent with the C&D Plan, the ConPlan provides specific guidance on the investment of housing funds within the framework of larger housing and community development objectives.

Also, the ConPlan identifies the housing needs and priorities identified in the State. This framework guides the Authority's financing for multifamily rental housing, Low-Income Housing Tax Credit (LIHTC) allocation, set-asides of home mortgage funds for municipalities and non-profit organizations, and other Authority development programs.

Connecticut's Long-Range State Housing Plan 2005 - 2009 also provides guidance for the establishment of priorities and focus of effort.

These documents place an emphasis on the maintenance of housing opportunities and programs currently available to provide choice to those underserved by the State's housing market as well as expanding opportunities and choices to areas where such are currently lacking.

The Authority pursues its specific financing programs for homeownership, rental and special needs housing mindful of and consistent with the guidance provided by these State planning documents. Additionally, housing assistance programs and all housing developed through the Authority's financing programs are subject to Fair Housing laws and Affirmative Fair marketing requirements.

Connecticut Housing Finance Authority Programs - 10/1/05-9/30-06

Homeownership Programs

Homebuyer Mortgage Program

The Authority's Homebuyer Mortgage Program provides below market interest rate financing to qualified low-and moderate-income first-time homebuyers. This program provides for the expansion of housing choice by expanding the number of prospective first-time homebuyers in Connecticut.

Homebuyer Mortgage Program continued:

It also provides incentives for homeownership in urban areas through higher income and sales price limits in federally targeted urban areas. Mortgages for home purchase with moderate rehabilitation and refinancing with rehabilitation are also available to eligible borrowers.

Homebuyer Mortgage Program loans are originated through the Authority's network of over 100 participating lenders across the state. All participating lenders enter into a Master Commitment Agreement for Mortgage Purchase with CHFA, in which they represent and agree that each loan has been originated in compliance with all requirements of federal and state law, including law relative to equal opportunity in credit and home mortgage lending. Additionally, all participating lenders must specifically agree and warrant that they will not discriminate or permit discrimination against any persons or groups of persons on the grounds of race, color, creed, national origin and ancestry, religion, sex, marital status, or physical or mental disability, or in any manner prohibited by the laws of the United States or the State of Connecticut.

The Authority purchased a total of 4,001 mortgages during the period covered by this report with an average loan amount of \$169,521. Over twenty-five percent of all mortgages were made to minority borrowers. Mortgages to minorities comprised of 10.32 percent to African-American, 2.40 percent Asian, 7.57 percent to Hispanic, 0.35 percent to Native American, and 4.97 to Other.

Lending in federally designated Targeted Urban Areas represented 26 percent of all mortgages during this period. Lending in urban designated areas as adopted by the Conservation and Development Policies Plan 2005-2010 represented 66 percent of all mortgages during this period.

CHFA's 2007 Goals include the origination of 3,500 new low-interest home mortgage loans for low- and moderate-income first-time homebuyers. It is the Authority's goal that of these loans, at least 30 percent of the funds will be used in Connecticut's eighteen federally designated Targeted Areas.

Homeownership Program

This program targets deeply discounted CHFA first mortgages and the State of Connecticut Downpayment Assistant Program (DAP) second mortgages to tenants of public and assisted housing to enable them to purchase their first home. Subsidized units vacated by the home buyers are then given priority to homeless or imminently homeless households. During the period from 10/1/05 through 9/30/06, 30 percent of all DAP second mortgages were made to minority borrowers.

Rental Housing Development Programs

The primary role of the Authority is to increase the supply and availability of affordable housing for low- and moderate -income households. To do this, the Authority offers financing terms not generally available in the commercial market to both for-profit and not-for-profit developers in the development of multifamily rental housing units. By offering these unique financing terms, the Authority in turn helps developers achieve feasibility for projects and provide additional housing opportunities and choices that otherwise would not be available.

All owners are required to provide an Affirmative Fair Housing Marketing Plan which identifies the racial composition of the area of the development, the ethnic groups least likely to apply for the housing built, the media to be used for advertising, and methods to market units to those identified as least likely to apply.

Rental Housing Development Programs continued:

In addition, this Plan must describe the efforts that the project and management will maintain throughout the life of the property to ensure that units are marketed and managed in a manner consistent with promoting Fair Housing.

Progress to achieve these objectives is monitored during the term of the mortgage to provide long-term, quality housing to residents and also to protect the Authority's assets and bondholders' investments in CHFA bonds.

As well as financing housing development, the Authority's multifamily program also plays a role in creating employment for Connecticut's construction industry, supporting the local property tax base, and assisting in the revitalization of urban neighborhoods.

During the reporting period the Authority approved commitments to provide mortgage financing and/or tax credit equity funding for 582 rental housing units, most of which are targeted to households earning less than 60 percent of the applicable Area Median Income.

Other Programs and Activities

During the reporting period the Authority initiated or continued several programs and activities and that support fair housing choice as well as racial and economic integration including:

- Specific outreach activities related to housing choice involving professional associations, including mortgage lenders, realtors, and others in the mortgage lending and housing development fields;
- Specific marketing for prospective first-time homebuyers including minority homebuyers;
- Participation in professional third-party efforts relative to predatory lending and fair housing;
- Intensifying its focus, in conjunction with governmental and private sector partners, on planning for the preservation of publicly financed rental housing in continued service to low- and moderate-income households throughout the State;
- Continuation of significant investments in Community Development Financial Institutions (CDFI's) to support their programming in the areas of affordable housing development and community development;
- Embarking on a significant institutional focus on the needs of those currently residing in Authority-financed developments, as well as those seeking to utilize Authority programs to achieve homeownership; and
- New initiatives to provide predevelopment funding for affordable housing as well as programming specifically focused to raise homeownership rates in specific targeted areas where they are currently lagging.
