## Five Year History - DAP

We see below that the number of CHFA DAP mortgage loans increased 114% over the last five years, from 701 loans to 1,498 loans.

The increase in DAP mortgage loans is shared nationwide, with the number of FHA mortgages purchased with government downpayment assistance rising from 1.5% in 2012 to 3.4% the first four months of 2015<sup>3</sup>. This spike could be attributed to the increase in the number of programs offered nationally and that banks and originating agencies more willing to work with borrowers previously considered too risky.

The number of minority DAP borrowers increased 141% over the last five years while the number of non-minority DAP borrowers increased 96%.

## Promotion of Fair Housing Choice and Racial and Economic Breakdown

How CHFA applies and complies with the State's Fair Housing and Affirmative Fair Marketing laws while providing low-and moderate-income residents with affordable and safe housing opportunities

## Promotion of Fair Housing Choice and Racial and Economic Integration

In accordance with CGS Section 8-37bb, the Connecticut Housing Finance Authority (CHFA) is committed to promoting racial and economic integration in all of its housing programs and requires that all applicants for development or rehabilitation financing, as well as owners of affordable housing properties within its portfolios, comply with Fair Housing and Affirmative Fair Marketing laws.

This section defines the general policy framework in which CHFA operates its programs and the manner in which the Authority supports these efforts.

### Policy Framework

By statute, the Authority's Annual Budget and Plan of Operations must be consistent with the Consolidated Plan for Housing and Community Development, developed by the Department of Housing (DOH) in collaboration with the Authority, other state agencies, and advocacy groups. The Annual Budget and Plan of Operations is adopted each year by the Authority's Board of Directors, whose members include the Commissioners of the Departments of Housing, Economic and Community Development and Banking, the Secretary of the Office of Policy and Management, the State Treasurer and members of the public.

The Connecticut Housing Finance Authority (CHFA) operates under the general policy objectives of the:

- Conservation and Development Policies : The Plan for Connecticut (the "C&D Plan") - 2018 to 2023
- Consolidated Plan for Housing and Community Development - 2015 to 2019

### Conservation and Development Policies: The Plan for Connecticut (the "C&D Plan") 2018 to 2023

The Office of Policy and Management (OPM) is the lead authority for administering The Conservation and Development Policies: The Plan for Connecticut. C.G.S. Section 16a-31 requires state agencies be consistent with the State C&D Plan whenever they undertake any of the following actions with state or federal funds in excess of \$200,000:

- the acquisition and/or development of real property or of public transportation equipment or facilities
- the authorization of each state grant for the acquisition or development or improvement of real property or for the acquisition of public transportation equipment or facilities

While the statutory mandate for consistency with the State "C&D Plan" only applies to state agencies, the Plan itself is consultative for municipalities and regional councils of government (CROG) to prepare and revise their individual plans of conservation and development. The only amendment to State "C&D Plan" during this current revision cycle takes into consideration risks associated with increased coastal erosion, the impacts of such erosion and recommendations to minimize the use of such areas.

The State C&D Plan is fashioned around six Growth Management Principles (GMPs). The first three principles focus on development, the following two on conservation, and the last on planning and coordination. CHFA financing activities are largely associated to the first three principles.

**Growth Management Principle #1 –****Redevelop and Revitalize Regional Centers and Areas with Existing or Currently Planned Physical Infrastructure**

The following municipalities are classified as Regional Centers: Ansonia, Bridgeport, Bristol, Danbury, East Hartford, Enfield, Groton, Hartford, Killingly, Manchester, Meriden, Middletown, New Britain, New Haven, New London, Norwalk, Norwich, Stamford, Torrington, Vernon, Waterbury, West Hartford, West Haven, and Windham. CHFA invested resources in seven of these twenty-four municipalities designated as Regional Centers. The map on the following page illustrates the location of these investments.

**Growth Management Principle #2****Expand Housing Opportunities and Design Choices to Accommodate a Variety of Household Types and Needs**

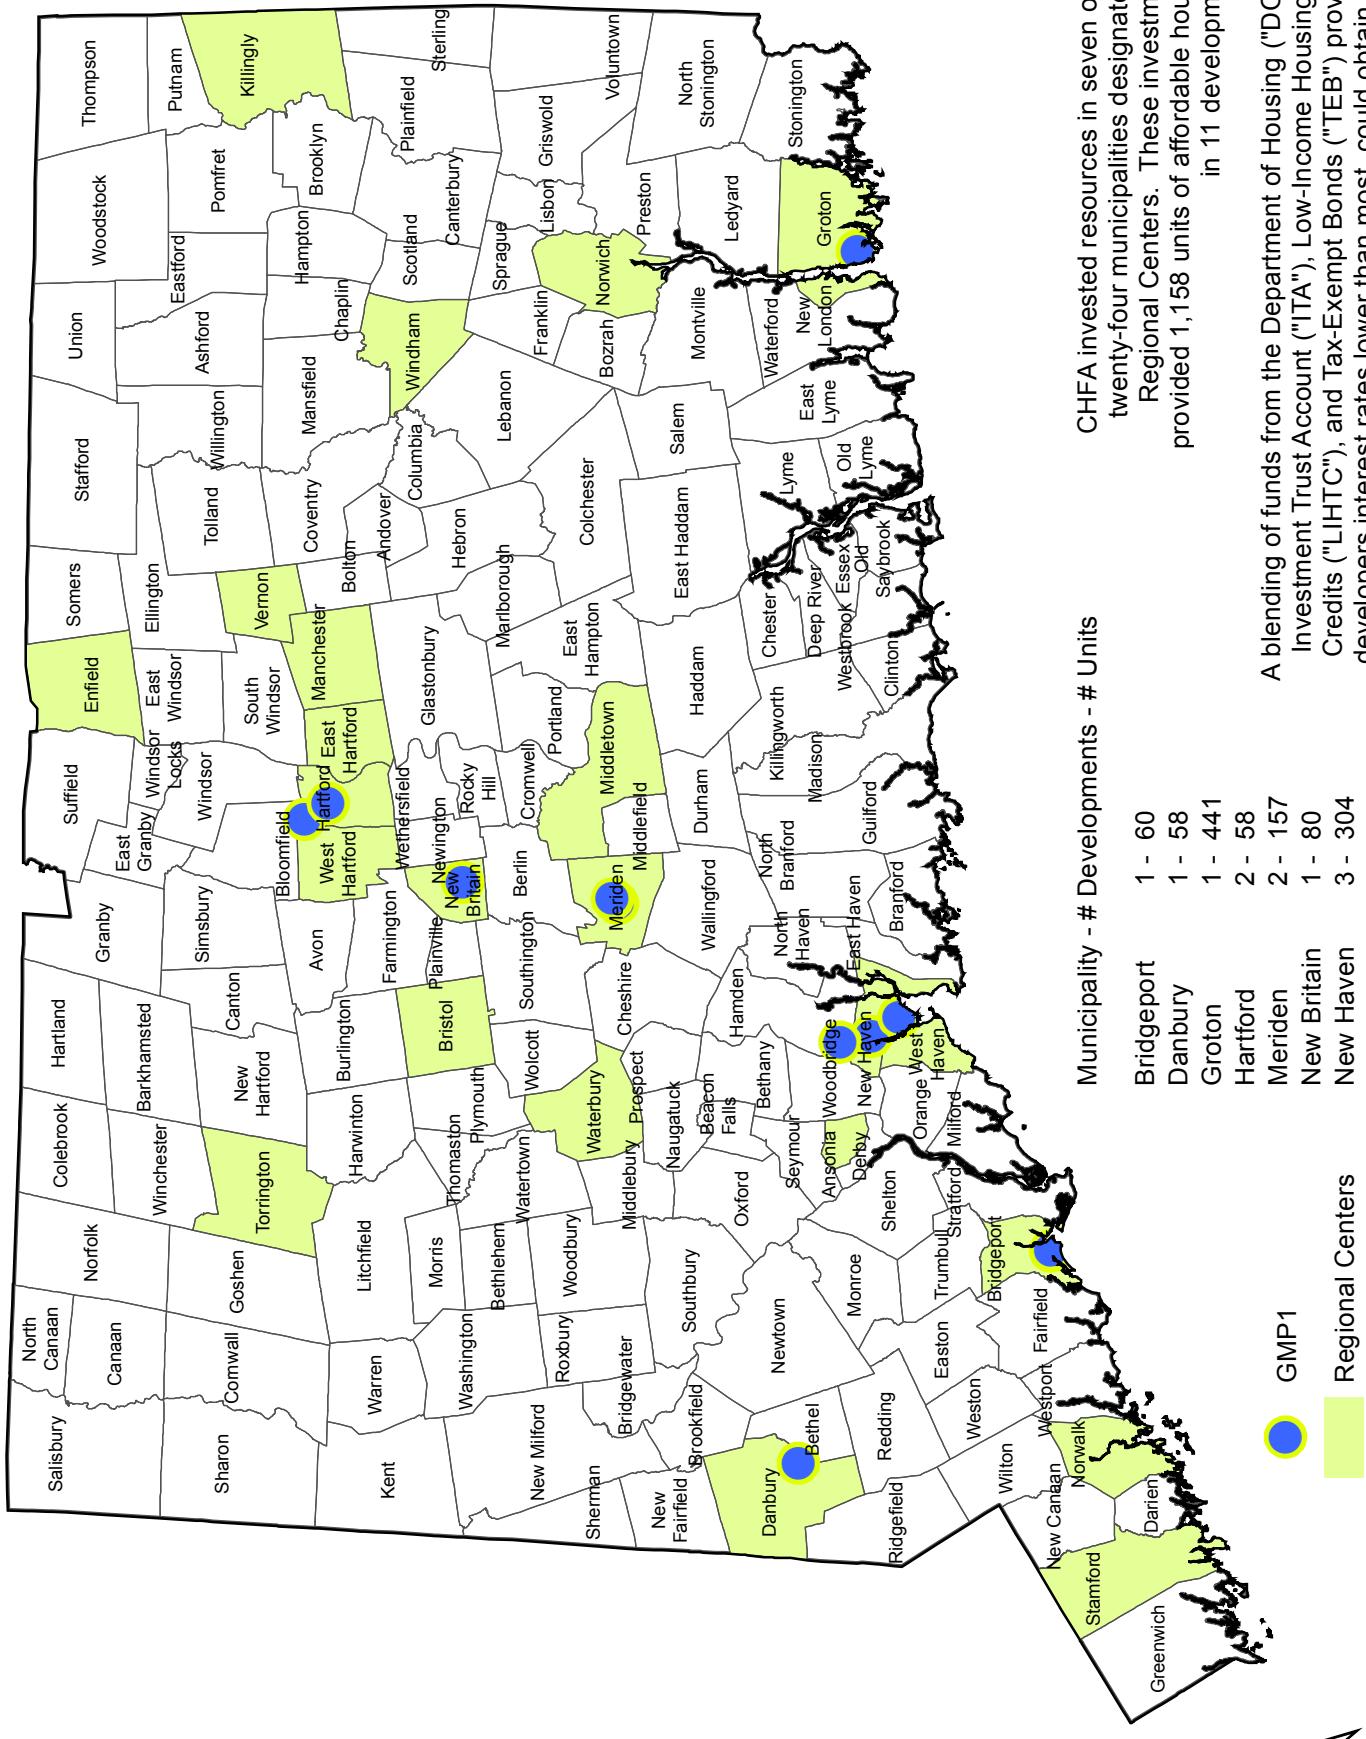

Housing Tax Credit Contribution (HTCC) program vouchers were distributed in the Regional Centers of Bridgeport, Danbury, Hartford, Middletown, New Haven, New London, Norwalk, Norwich, Stamford, Waterbury, West Hartford and Windham. Vouchers were also issued in the non-regional centers of Branford, Glastonbury, Groton, Kent, Killingly, Waterford and Windsor Locks.

CHFA's single family mortgage loans were originated equally amongst regional and non-regional centers.

**Growth Management Principle #3****Concentrate Development Around Transportation Nodes and Along Major Transportation Corridors to Support the Viability of Transportation Options**

The former Meriden, CT Record-Journal building was redeveloped into 81 units of family housing. This site conforms to Growth Management Principle 3 being located with a one-half mile radius of a high-speed rail station, currently under construction. Once complete, this development will offer one, two and three bedroom apartments within walking distance of commercial facilities, a community college and a public library.

**Growth Management Principle #4****Conserve and Restore the Natural Environment, Cultural and Historical Resources, and Traditional Rural Lands****Growth Management Principle #5****Protect and Ensure the Integrity of Environmental Assets Critical to Public Health and Safety****Growth Management Principle #6****Promote Integrated Planning across all Levels of Government to Address Issues on a Statewide, Regional, and Local Basis**

N

A blending of funds from the Department of Housing ("DOH"), Investment Trust Account ("ITA"), Low-Income Housing Tax Credits ("LIHTC"), and Tax-Exempt Bonds ("TEB") provided developers interest rates lower than most could obtain from other sources.

## **2015- 2019 Consolidated Plan for Housing and Community Development (the “ConPlan”)**

The State’s five-year [ConPlan](#), developed by the State, with the assistance and support of CHFA, establishes the framework for the efficient allocation of the federal formula grant funding, to help ensure continued funding of affordable housing and -community development activity that assists low- and moderate income families in Connecticut.

The ConPlan focuses on the state’s administration of four Community Planning and Development (CPD) grant programs – the Small Cities Community Development Block Grant (SC/CDBG), HOME Investment Partnerships (HOME), Emergency Shelter Grants (ESG), and Housing Opportunities for Persons with Aids (HOPWA).

The ConPlan identifies the housing needs and priorities within the State and provides annual updates and performance reports. This framework guides the Authorities’ financing for multifamily rental housing, Low-Income Housing Tax Credit (LIHTC) allocation, the targeting of home mortgage programs for municipalities and non-profit organizations, and other Authority development programs.

### **Single Family**

CHFA marketing staff reaches out to African-American, Latino, and Asian-American audiences through homebuyer seminars as well as targeted cultural events statewide. These platforms target minority populations on the homebuyer programs offered by CHFA.

### **Multifamily**

#### **Affirmative Fair Marketing**

All applicants for multifamily financing and investment are required to complete a Fair Housing Marketing Plan. The plan must describe how the assisted housing will be marketed to minority and majority groups that would not ordinarily apply for housing in the location of the development. Applicants must describe the market area, the group determined to be least likely to apply, method of marketing and expected outcomes. Affirmative fair marketing is also included in CHFA Management Agreements. The Consolidated Application requires that the applicant complete a Fair Housing Impacts form, which collects both data and narrative descriptions on items including:

- Incomes of census tract by % of AMI,
- % of units in census tract by number of bedrooms,
- Description of how project meets an under-represented housing opportunity by type, target population, or income;

## **Multifamily - Affirmative Fair Marketing (continued)**

Once approved for financing, each property owner and management agent must enter into a Management and Affirmative Fair Marketing Agreement at initial closing that states that owners and agents will affirmatively market dwelling units within their development aimed at minority and majority groups that ordinarily would not apply for housing in the locality of the development.

## **Economic and Geographic Integration**

CHFA continues to encourage affordable housing opportunities throughout the entire state through programs it directly administers as well as through partnerships. Examples include:

### **The Low Income Housing Tax Credit (LIHTC)**

The LIHTC program provides incentives for developers to acquire, rehabilitate and/or build low- or mixed-income housing through the allocation of federal tax credits that may be sold to corporations or investor groups to raise equity for a project. For the 2017 program year, additional competitive points are awarded for developments that are proposed to be located in communities with a variety of opportunity characteristics. Points are awarded for each criteria for the following characteristic:

- Municipalities that are non-exempt per the 2016 Affordable Housing Appeals List, School districts that are performing at “average” or “above average” per GreatSchools,
- Municipalities with poverty rates below the State’s average of 10.52%,
- Municipalities with jobs-to-population ratio above the Statewide average of 45.9%,
- Municipalities that are located within a 10 mile radius of a State Community College.

### **Housing Connections of Connecticut**

This program, established by CHFA in 2007 and administered by the Connecticut Local Initiatives Support Corporation and the Connecticut Housing Coalition, works to increase the supply of affordable housing in Connecticut’s rural and suburban communities by supporting local initiatives and organizations in promoting and producing affordable housing. Housing Connections provides a comprehensive array of technical assistance from the early stages of planning and zoning for affordable housing through specific project development and occupancy. Since the program’s inception, CHFA has provided \$2.8 million in program support for Housing Connections which has provided technical assistance to 97 organizations resulting in the creation of 539 new affordable housing units with an additional 667 units in planning or development stages. The Housing Connections program is designed to identify local initiatives and to build their capacity to the point where new housing is developed in their community.

### **Transit Oriented Development**

CHFA works with developers, state, and municipal officials to identify new opportunities to support the develop or redevelop of mixed-use and mixed-income developments around public transit nodes and hubs, often referred to as Transit Oriented Development (TOD). Among these prospects are TOD sites that can support affordable family housing in areas with limited affordable options.

### **Technical Assistance and Training**

CHFA hosted a fair housing training seminar directed by the Executive Director of the CT Fair Housing Center. The Authority also provides overview sessions for Low Income Housing Tax Credit (“LIHTC”) and the Housing Tax Credit Contribution (“HTCC”) funding rounds.
