## ABOUT US

The Connecticut Housing Finance Authority (CHFA) is a self-funded, quasi-public agency whose mission is to alleviate the shortage of housing for low- and moderate-income families and persons in Connecticut. We achieve our mission by utilizing bonds and other state and federal resources to fund housing programs that strengthen homeownership opportunities. We also provide financing for affordable multifamily rental housing and promote economic development through employer-assisted housing efforts.

Since 1969, CHFA has issued over 145,000 single family mortgages and provided down payment assistance loans to first-time home buyers, enabling them to experience the dream of homeownership. Loan programs customized to meet the needs of veterans, active-duty service members, teachers, and police officers are also offered.

For over 50 years CHFA has aspired to help create and preserve sustainable communities and has financed the development of more than 55,000 affordable rental homes across Connecticut.

Connecticut General Statute Section 8-37bb requires CHFA to report to the Legislature its “Annual report re fair housing choice and racial and economic integration” for activity occurring between October 1 to September 30.

The report outlines lending and investment data on all CHFA programs including demographic information on households and borrowers served for the reporting period of October 1, 2020 through September 30, 2021.

During this reporting period, CHFA staff carried out Year 1 tasks of its 2021-2023 Strategic Plan. Developed in 2020 in consultation with CHFA’s Board of Directors, external stakeholders and staff, the plan is a dynamic guide governed by five key policy priorities:

1. Work in partnership with others, identify new and existing funds and services that both enhance and leverage CHFA’s ability to finance more affordable housing.

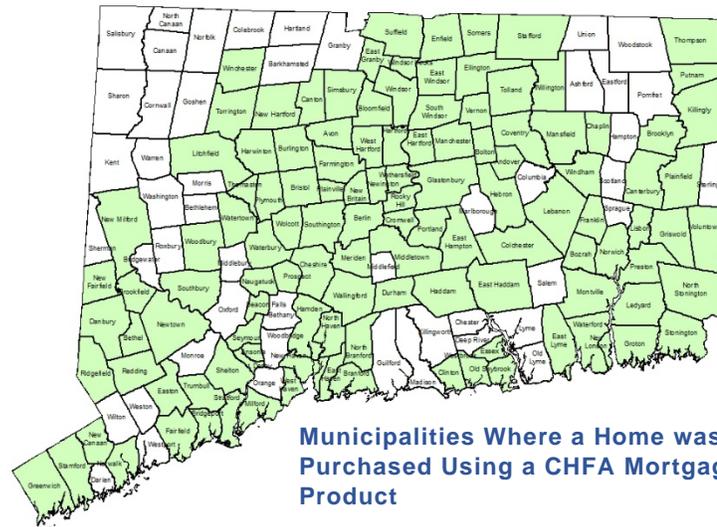

2. Use the Qualified Allocation Plan (QAP) and other tools to:
  - a. Expand high-quality housing choices for low- and moderate-income households in both urban and non-urban areas as part of overall neighborhood revitalization efforts and as a means of reducing racial and economic segregation.
  - b. Finance the creation of high quality and environmentally sustainable housing in areas that have ready access to public transportation and to good quality educational and employment opportunities.
3. Help low- and moderate-income households build wealth through home ownership.
4. Determine cost and merit of taking more risk in financing activities.
5. Go beyond business as usual to advance the mission, vision and values of CHFA.

# HOMEOWNERSHIP PROGRAMS

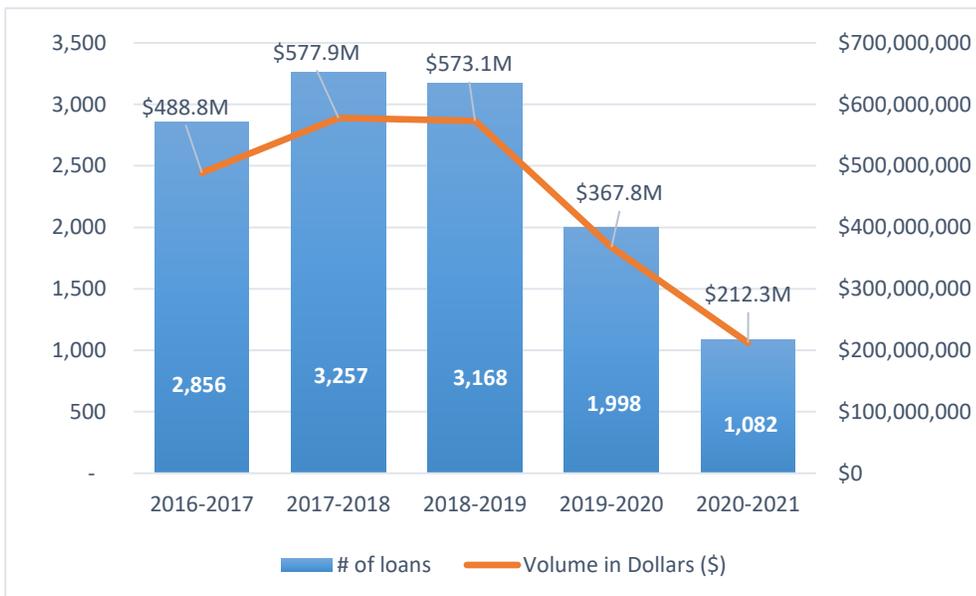

## Single Family Homebuyer Mortgage Lending

CHFA's homebuyer program provides below market interest rate mortgages to first-time homebuyers or buyers that have not previously owned a home in the last three years.

CHFA makes this possible through the issuance of federal private activity bonds used to support single family purchases. Proceeds from the sales of tax-exempt bonds allow CHFA to offer an interest rate that is lower than conventional mortgage products.

During the reporting period, CHFA originated \$212.3 million in home purchase loans<sup>1</sup>, helping 1,082<sup>2</sup> Connecticut residents become first-time homebuyers in 120 of Connecticut's 169 municipalities.

Over the past five reporting periods, CHFA originated 12,361 loans totaling \$2.2 billion.

<sup>1</sup> Captures: Regular, Homeownership, Home-of-Your-Own, Military, Mobile Manufactured Home, and Teacher program loans

<sup>2</sup> Purchased loans using a CHFA mortgage product between October 1, 2020 and September 30, 2021

42.2% of CHFA’s single family homebuyer mortgages during this period were made to minority borrowers, above the percent of minority residents in Connecticut (32.3%)<sup>3</sup>.

The percent of minority homebuyers utilizing a CHFA mortgage product has increased annually since the 2018-2019 report.

During this reporting period two loans were originated under this program.

April saw the launch of the **Mobile Manufactured Home Refinance Program**, an exciting new program that offers homeowners currently living in a Connecticut state-licensed mobile home park an opportunity to refinance out of an existing high interest rate loan obligation. Several loan reservations have been secured under this program.

## Down Payment Assistance Program

CHFA's single family **Down Payment Assistance Program (DAP)** is available to borrowers that lack the necessary funds to purchase a home. A major change was made to CHFA's DAP during this reporting period. To provide greater support for first-time homebuyers, CHFA's Board of Directors approved an increase in the maximum amount a homebuyer can borrow and enabled the DAP loan to be applied to closing costs as well as to the down payment of a home.

**Municipalities Where a Home Was Purchased Using a CHFA DAP Mortgage<sup>6</sup>**

During this reporting period, 766 DAP loans were originated in 102 of Connecticut's 169 municipalities. 44% of these DAP loans were made to minorities.

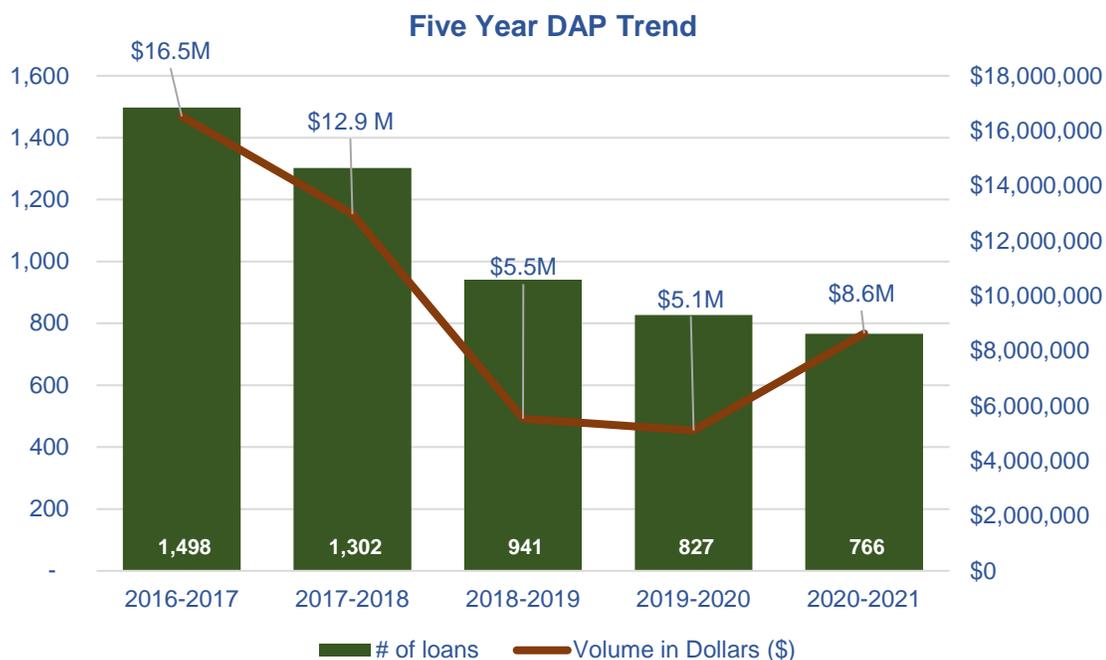

### DAP Borrower Profile

- ✓ Average loan amount: \$11,268
- ✓ Average home sale: \$206,009
- ✓ Median annual household income: \$78,641
- ✓ Female head-of-household: 42.8%
- ✓ Average age: 36
- ✓ 32.6% are married / 67.4% are unmarried
- ✓ 49.1% are male / 42.8% are female

---

<sup>6</sup>DAP loans originated between October 1, 2020 and September 30, 2021

The effect of the programmatic change to the DAP loan can be seen in the below chart, where the total number of DAP loans decreased in the current reporting year but the total volume in dollars increased. Asset-limited first-time homebuyers were able to afford homes in an unusually competitive market with help of the increased maximum dollar amount in down payment and closing cost assistance available to eligible borrowers.

### Borrower Income and Racial and Ethnic Distribution

The following tables identify the 766 DAP loans originated by Area Median Income (AMI) band, and racial and ethnic breakdown of the borrower.

## Homebuyer Education

CHFA knows that buying a home is a big step and provides a variety of educational courses to help individuals make sound and informed financial decisions along the way. CHFA borrowers are required to attend a pre-purchase counseling class that will guide them through the home buying process. This class, along with an on-line homebuyer education and financial fitness class, is offered by CHFA at no cost and with no contingency on purchasing a home.

Pre-purchase classes educate a perspective home buyer on what it takes to become a successful homeowner – from seeking mortgage pre-approval to shopping for a home to making an offer and ultimately the closing process.

Financial fitness classes cover a wide range of topics including how to repair credit, the importance of maintaining a budget, and what it takes to be “mortgage ready”.

CHFA’s Board of Directors annually authorizes supplemental funds dedicated for pre-purchase counseling. During the 2021 calendar year, \$730,000 was dedicated to this effort. Additionally, CHFA applies for funds from the U.S. Department of Housing and Urban Development (HUD) to support homebuyer counseling. During this reporting period, CHFA was awarded a \$119,792 Comprehensive Housing Counseling Grant to support counseling service efforts.

CHFA was among 18 HFAs across the country to be awarded funds from the NeighborWorks America – Housing Stability Counseling Program. CHFA’s award of \$2,313,875.20 will serve to provide “housing counseling services to households facing housing instability such as eviction, default, foreclosure, or loss of income that caused or could cause eviction default, foreclosure, or homelessness.” Funds will also be distributed to support the cost of education, outreach, training, technology, and other program related support and operational oversight of the Sub-Grantees (HCA’s).

The following seven housing counseling agencies, proposing to serve 2,900 clients through the performance period, expressed interest and applied to be a Sub-Grantee under CHFA:

- ✓ Bridgeport Neighborhood & Trust
- ✓ Mutual Housing of Greater Hartford
- ✓ Mutual Housing Association of South Central

## MULTIFAMILY RENTAL HOUSING

CHFA's multifamily inventory of rental housing is made up of two independent portfolios totaling 594 developments and 35,719 apartments located in 108 communities across the state.

The **CHFA housing portfolio** encompasses 311 developments and 24,757 apartments while the **State-Sponsored housing portfolio (SSHP)** is comprised of 283 developments and 10,962 apartments.

Developments in the CHFA housing portfolio are financed with a combination of CHFA financing, Federal 4% and 9% Low-Income Housing Tax Credits (LIHTCs), State and Federal Historic Tax Credits, State Tax Credit Contributions (HTCCs), and private and/or public funds. Developments in the SSHP were originally funded and built using money appropriated through State statutory programs.

### Low-Income Housing Tax Credit Contribution (LIHTC) Program

CHFA administers the LIHTC program, stimulating private investment in affordable housing by awarding tax credits to developers. The developers then sell the tax credits to private investors to obtain equity funding that is used to acquire, rehabilitate, or construct new affordable housing. Developers also leverage private financing and public sources.

The allocation of LIHTCs is established by the Qualified Allocation Plan (QAP). Projects are rated, ranked and awarded points according to guidelines set forth in the QAP. Among the categories ranked are:

- ✓ **Rental Affordability** – Developments having units set aside for residents identified as homeless or chronically homeless, those identified with supportive housing units that will serve households at or below 30% of the area median income (AMI), having mixed-income housing units, and housing preserved due to expiring use restrictions.
- ✓ **Financial Efficiency & Sustainability** - Having cost-effective square foot costs and Sustainable Design Measures incorporated in supporting documents as required in the Guidelines.

- ✓ **Local Impact** – Points are awarded if a development is non-age restricted, located in a Priority Funded or Transit-Oriented Area, is an adaptive re-use of a brownfield, or is located in a qualified census tract.
- ✓ **Opportunity Characteristics** – Points are awarded to developments located in a municipality where less than 10% of existing housing is deed-restricted or located in an Area of Opportunity.

Developments located in an Area of Opportunity will have non-age restricted units of which 50% or more (of total development count) will have two or more bedrooms. Points are given for developments located in a municipality having below average poverty levels (based on the state’s average), an average to above average school performance rating, above average “jobs-to-population” ratio, and/or access to community /technical colleges.

During this reporting period the following 2021 Tax Credit Awardees were located in a highly rated CHFA-described Area of Opportunity:

1. Parkside Village I (Branford) – 67 units
2. Cedar Pointe (Newington) – 72 units
3. Lascana Homes of Orange (Orange) – 46 units

- ✓ **Qualifications & Experience** – Applicants have demonstrated successful past LIHTC developments.
- ✓ **State-Sponsored Housing Portfolio (SSHP) developments** – Includes projects in the existing portfolio with a goal of expansion of net new units of non-age restricted housing containing two or more bedrooms.

CHFA holds public hearings to gather views and comments with respect to its LIHTC Program, its QAP, and its current priorities and policy goals. Subsequently, the QAP can be modified to ensure that scoring and competitive ranking of LIHTC developments meet Connecticut’s affordable housing needs and priorities.

## Opportunity Mapping

In 2021, CHFA incorporated a new Opportunity Map as an important points item in the 2022 and 2023 Qualified Action Plan. The new map is intended to expand housing options in higher resourced communities.

Opportunity mapping is an analytical tool that deepens our understanding of "opportunity" dynamics within different communities. With a data-driven understanding of the geography of opportunity, CHFA can better determine which communities have access to more resources and how to remedy opportunity inequality. Mapping this geography informs an overall multifamily investment strategy that aims to promote greater housing choice by helping people in historically disenfranchised groups connect to areas that are economically thriving relative to other areas within the state. Often the designation of a community as "lower opportunity," or opportunity-isolated, reflects the history of discriminatory policies and disinvestment in those communities.

## **Housing Connections of Connecticut**

The Housing Connections of Connecticut Program, a.k.a. the "Rural & Suburban Affordable Housing Technical Assistance Program," is jointly supported by the Local Initiatives Support Corporation (LISC) and assists local developers by providing an array of technical assistance that begins with moving a developer through the early planning stages to project development and finally occupancy. The essence of Housing Connections is to assist in developing opportunities in smaller communities that aspire to provide more affordable and quality housing options for low- and moderate-income residents.

For the past 15 years, CHFA has provided \$3.825 million to offer program and technical support to over 105 organizations, resulting in 642 new housing units and over \$130 million dollars of development investment in new affordable housing throughout Connecticut.

## **Affirmative Fair Housing**

CHFA's efforts to affirmatively further fair housing practices include partnering with other organizations to increase awareness of fair housing regulations through sponsored training opportunities in addition to other outreach efforts.

Applicants seeking CHFA investment or multifamily financing are required to complete a Fair Housing Marketing Plan that provides a detailed marketing and outreach strategy to attract renters of all majority and minority groups. Directives

include identifying the market area, the group least likely to apply for housing, the marketing approach to be used, and the expected outcome of this marketing.

Affirmative Fair Marketing guidelines are also included in the Fair Housing Policy Statement of the Consolidated Application for Housing Development, administered between CHFA and the Department of Housing (DOH). The document requires that applicants complete a Fair Housing Impacts form that collects such information as:

- ✓ Provide a brief explanation as to how the proposed project will address fair housing.
- ✓ Will the project provide a household type and income ranges that are currently under-represented?
- ✓ Detail any special features of the fair housing marketing plan.

Once approved for financing, owners and property managers of CHFA-financed properties are required to adhere to these fair housing marketing practices as required under the general operations of the properties.

## **Monitoring and Compliance**

Staff of CHFA's asset management division monitors its multifamily portfolios and are available to provide guidance to property owners on ways to effectively meet their responsibility of ensuring that compliance with regulatory agreements and Fair Marketing laws and policies are upheld. Property owners are advised to review their property's waiting list to certify that the selection process remains fair and open.

## **Promotion of Fair Housing Choice and Racial and Economic Choice**

In accordance with C.G.S. 8-37bb, CHFA is required to document the effort of the agency in promoting fair housing choice and racial and economic integration. This data includes collecting the racial composition of persons moving in to a CHFA multifamily development, those occupants currently residing in a development, and those on the waiting list of a housing development supervised by the agency.

A complete list can be found in the appendix.
