OUR MISSION

To alleviate the shortage of housing for low- and moderate-income families and persons in this state and, when appropriate, to promote or maintain the economic development of this state through employer-assisted housing efforts.

OUR VISION

That all low-and moderate-income residents in Connecticut have a range of choices where they can live in affordable, safe, and quality housing.

PROMOTION OF FAIR HOUSING CHOICE AND RACIAL AND ECONOMIC CHOICE

The purchase of a home is one of the most significant events that an individual will experience in their lifetime. It is more than the simple purchase of housing, as it directly impacts the hopes, dreams, and economic future of all those involved.

It is for this reason that the Fair Housing Act along with other state and federal laws were established – to constitute a housing market that is free from discrimination based on race, color, religion, sex, disability, familial status, and national origin.

CHFA maintains an ongoing commitment to eliminating racial and ethnic segregation as well as other barriers to persons with disabilities and other discriminatory practices in housing.

In accordance with C.G.S. 8-37bb, CHFA collects the racial composition of persons moving in to a CHFA multifamily development, those occupants currently residing in a development, and those on the waiting list of a housing development supervised by the agency to ensure the agency is fair in promoting fair housing choice and racial and economic integration.

The data herein captures statistics on housing programs as well as a data collection of unit production and characteristics of housing earnings by income, race, and ethnicity for the reporting period of October 1, 2021 thru September 30, 2022.

CHFA provides below market interest rates to first-time Connecticut homebuyers or buyers that have not owned a home in the last three years.

This is feasible through the issuance of federal private activity bonds used to support single family purchases. Proceeds from the sales of tax-exempt bonds allow CHFA to offer an interest rate that is typically lower than conventional mortgage products.

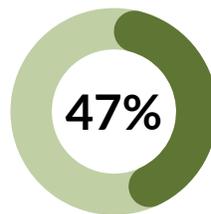

CHFA purchased \$312.8 million in single family mortgage loans, helping 1,431 Connecticut residents become homeowners in 120 of 169 municipalities across the state.

Under the American Rescue Plan Act of 2021, Connecticut was awarded approximately \$123 million to establish MyHomeCT, a program funded by the Homeowner Assistance Fund (HAF). The CT Department of Housing, the entity responsible for the program, appointed the Connecticut Housing Finance Authority (CHFA) to administer it on its behalf.

The goal of MyHomeCT is to cure mortgage delinquencies and defaults and prevent foreclosures among eligible homeowners that occurred as a result of the COVID-19 pandemic.

CHFA elected to prioritize and support the communities that were significantly impacted by the pandemic and the subsequent economic downturn. Staff merged key data sets with severe housing cost burden data* (sourced from the U.S. Census), to create the Homeownership Hardship Index (HHI). The Homeownership Hardship Index was modeled to rank zip codes based upon socioeconomic and mortgage-related metrics to determine the housing and economic distress experienced by homeowners of individual zip codes. This ensured that MyHomeCT outreach activities reached the most at-risk homeowners in Connecticut.

CHFA partnered with community and faith-based organizations, municipalities, neighborhood revitalization zone chapters, and resource centers in the most at-risk areas of the state to host both in-person and virtual MyHomeCT informational sessions.

During this reporting period, CHFA participated in 27 outreach events** that included conventions, expos, and outdoor venues.

As of the end of this reporting period CHFA has received roughly 2,500 applications and has begun disbursing awards to eligible applicants. More data is available on the MyHomeCT dashboard at <http://www.chfa.org/myhomect-summary-dashboard>.

CHFA knows that buying a home is a big step and provides a variety of educational workshops to help individuals make sound and informed financial decisions along the way. Financial fitness workshops are beneficial to prospective home buyers as they cover a wide range of topics including how to repair credit, the importance of maintaining a budget, and what it takes to be “mortgage ready.”

CHFA borrowers are required to attend a pre-purchase workshop that will guide them through the home buying process and educate them on what it takes to become a successful homeowner – from seeking mortgage pre-approval to shopping for a home to making an offer and ultimately the closing process. Both the pre-purchase home buyer and financial fitness workshops are offered by CHFA at no cost and with no contingency on purchasing a home.

Over 3,600 homebuyer education workshops were held as well as 1,105 one-on-one counseling service workshops.

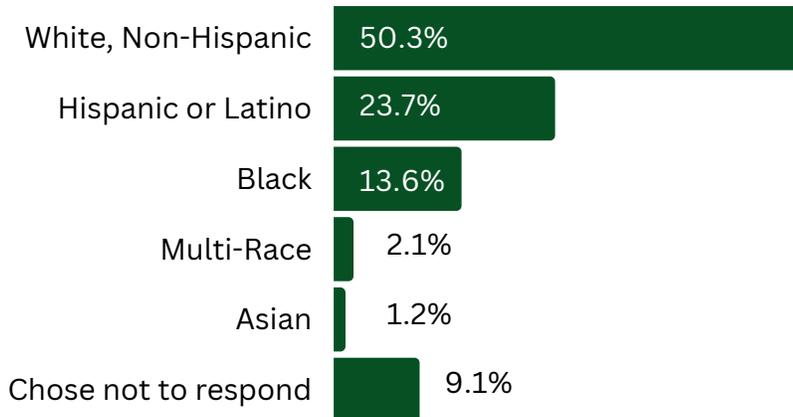

During this reporting period, CHFA was awarded a \$206,955 Comprehensive Housing Counseling Grant to support counseling service efforts. CHFA’s Board of Directors annually authorizes supplemental funds dedicated for pre-purchase counseling. During the 2022 calendar year, \$730,000 was dedicated to this effort. CHFA also applies for funds from the U.S. Department of Housing and Urban Development (HUD) to support homebuyer counseling.

On behalf of the Department of Housing, CHFA administered the Time to Own forgivable down payment assistance program. The program opened in June of 2022 and was designed to help alleviate a potential homebuyer's inability to cover down payment and closing costs. Working in union with CHFA's first mortgage programs, the Time to Own program provides zero percent forgivable loans of up to \$50,000 to eligible homebuyers for down payment assistance with ten percent of the principal balance forgiven annually.

CHFA deployed resources and concentrated on outreach efforts in the states' urban core areas of Bridgeport, Hartford, New Haven, New London, Norwich, and Waterbury. A strong focus was placed on homebuyers earning 100% or less of the area median income.

Outreach efforts included utilizing both traditional (radio and grassroots events partnered with community organizations, real estate agents, lending institutions, housing counseling agencies) and digital platforms (social media, digital ads and CHFA's website).

During this reporting period, CHFA received 622 Time to Own reservations across 115 Connecticut municipalities.

CHFA MULTIFAMILY PORTFOLIOS

CHFA maintains two independent multifamily portfolios that total 590 developments and 34,658 apartments located in 110 communities across the state.

The CHFA housing portfolio consists of 312 developments with 24,577 apartments and the State-Sponsored housing portfolio (SSHP) is comprised of 278 developments with 10,081 apartments.

Developments in the CHFA housing portfolio are financed with a combination of CHFA financing, federal 4% and 9% Low-Income Housing Tax Credits (LIHTCs), State and Federal historic tax credits, State Tax Credit Contributions (HTCCs) and/or public or private funds.

State-Sponsored housing portfolio developments were initially funded and constructed using funds appropriated through State statutory programs. Rehabilitation and/or redevelopment of SSHP properties utilize special state funding in conjunction with a combination of CHFA financing, federal 4% and 9% Low-Income Housing Tax Credits (LIHTCs), State and Federal historic tax credits, State Tax Credit Contributions (HTCCs) and/or public or private funds.

All entities that receive financial assistance from CHFA to conduct their housing programs are required to uphold fair housing activities and complete a Fair Housing Marketing Plan that will include:

- an outlined marketing strategy and outreach effort that identifies the market area,
- the identified group least likely to apply for housing,
- the method of marketing to be used to reach this group,
- the expected outcome of this marketing.

LOW-INCOME HOUSING TAX CREDIT CONTRIBUTION (LIHTC) PROGRAM

CHFA is the lead agency in administering the federal LIHTC program. The program stimulates private investment of affordable housing by awarding tax credits to developers. Developers then sell these tax credits to private investors to obtain equity funding that is used to acquire, rehabilitate, and/or construct new affordable housing. Developers often get creative and leverage private financing along with public sources.

The LIHTC Program requires each state that allocates the LIHTCs to approve a plan for the distribution of the credits that is relevant to that state's housing needs and is consistent with that state's housing priorities. The Qualified Allocation Plan (QAP) is the plan for Connecticut. The QAP establishes guidelines and procedures for the acceptance, scoring and competitive ranking of LIHTC applications for each funding round.

The QAP is reviewed and modified periodically to ensure that it meets the affordable housing needs and priorities of the State as articulated in the Analysis of Impediments to Fair Housing Choice.

Affirmative Fair Marketing criteria is also included in CHFA Management Agreements such as the Fair Housing Policy Statement of the Consolidated Application (ConApp) for Housing Development. Administered between CHFA and the Department of Housing (DOH), this policy requires that applicants complete a Fair Housing Impacts form identifying:

- How the project will address fair housing – i.e.: type of tenure
- How the project will serve income ranges that are under-represented in the located census tract
- How the location of the project will promote diversity once approved for financing.

MONITORING AND COMPLIANCE

The Authority's staff conducts site visits to monitor and ensure that developments satisfy and meet the criteria of the QAP and the policy objectives and Administrative Requirements of the Authority.

CHFA's asset management division monitors its multifamily portfolios and provides guidance to property owners on ways to effectively meet their responsibility of ensuring that compliance with regulatory agreements and Fair Marketing laws and policies are upheld.

Staff assists property owners to review their property's waiting list to certify that the selection process remains fair and open.

The Fair Housing Act (FHA) prohibits housing providers from unfair or discriminatory practices against applicants or residents by virtue of their disability. CHFA affirms a commitment to eliminating racial and ethnic segregation as well as other barriers to persons with disabilities and other discriminatory practices in housing.

OPPORTUNITY MAPPING

CHFA continues to utilize its Opportunity Mapping platform to determine areas of housing inequality and to assist in making informed decisions on multifamily investment strategies.

Opportunity mapping is an analytical tool that deepens our understanding of "opportunity" dynamics within different communities. With a data-driven understanding of the geography of opportunity, CHFA can better determine which communities have access to more resources and how to remedy opportunity inequality.

Mapping this geography informs an overall multifamily investment strategy that aims to promote greater housing choice by helping people in historically disenfranchised groups connect to areas that are economically thriving relative to other areas within the state.

Often the designation of a community as "lower opportunity," or opportunity-isolated, reflects the history of discriminatory policies and disinvestment in those communities.
