	APPENDIX B – CAN MAPPING	27

I. INTRODUCTION

This Guideline is written for applicants, owners and developers (“Applicant”) of affordable multifamily housing with funding and/or tax credit awards from the Connecticut Housing Finance Authority (CHFA) and/or the State of Connecticut Department of Housing (DOH) with properties that will include Supportive Housing units in their developments for

- persons experiencing homelessness, including chronic homelessness, that have been referred by the Coordinated Access Network (CAN) or
- persons referred by the Department of Developmental Services (DDS) or
- families or youth aging out referred by the Department of Children and Families (DCF) or the Office of Early Childhood (OEC) either directly or through the CAN or
- persons referred by the Department of Social Services (DSS), or
- elderly persons or heads-of-household 62 years of age or older and Justice-involved Persons who are homeless or unstably housed and who are provided services and are referred by any State Agency.

Any applicant seeking financing through a CHFA and/or DOH program that intends to include Supportive Housing units in its development must select one of the following options and submit documentation that provides assurance that Supportive Housing will be provided. Documentation must be submitted with the CHFA/DOH Consolidated Application (ConApp) at time of application.

II. SUPPORTIVE HOUSING PATHWAYS

A. Traditional Supportive Housing

This documentation is for CAN referrals. It excludes state agency referrals, including Connecticut Section 811 Project-based Rental Assistance program (CT811) applicants. Documentation must include Applicant’s written commitment to fill supportive housing units through the CAN referral process in accordance with this Guideline. The written commitment document shall include:

1. Evidence of the affordability and need for supportive housing units in the Proposed Development’s location as verified by the Regional CAN office and/or CAN leadership. "Evidence of affordability" means an operating budget that shows that the Supportive Housing units can be provided to households with incomes at or below 30% Area Median Income (AMI) for homeless individuals and families referred by the CAN.
2. Evidence of funding sources for the services to be provided along with a detailed budget for such services, and identification of the target population and referral process. Acceptable referral

SUPPORTIVE HOUSING GUIDELINE

processes are described below. “Evidence of funding” means a plan to obtain self-sourced or third-party funding as reflected in the operating budget, a service reserve, or a firm commitment from the service provider agency or from the project sponsor.

Applicant will communicate with the local CAN or CAN leadership to ensure that the proposed Supportive Housing units are aligned with the CAN’s housing prioritization guidelines. The Applicant must demonstrate that the Supportive Housing units committed are appropriate for the population to be served. (For example, a project housing homeless individuals should provide studio or one-bedroom units.) See Appendix A and Appendix B for CAN Administrative Staff Contacts and locational mapping, found at the end of this Guideline.

Applicants may consider partnering with a Qualified Service Provider or an IACSH Recognized Service Provider either at the time of application or at the time the project owner secures a Low-Income Housing Tax Credit (LIHTC) award and/or funding. The Qualified Service Provider and/or the IACSH Recognized Service Provider may charge a fee to draft the Service Plan and budget if a Memorandum of Understanding (MOU) is not finalized until post-award. The commitment of service funding along with the signed MOU (as applicable) for the provision of services must be in place as a condition of the LIHTC carryover allocation agreement.

B. Participation in the Connecticut Section 811 Project-based Rental Assistance program (CT811) or Referral from a State Agency

Participation in CT811, a federal project-based rental assistance (PRA) program administered by DOH and its partners within the CT811 Interagency Partnership Agreement, is equivalent to the inclusion of Traditional Supportive Housing (Option A) funded by a State Agency. The documentation for this option must include an [Agreement to Enter into a Rental Assistance Contract \(ARAC\)](#) for eligible multifamily properties in accordance with [program guidelines](#) or an equivalent letter of intent. To obtain an ARAC, applicants must submit a [CT811 Project Application](#) to DOH and be selected for participation in the program. Participation in CT811 under this guideline requires a minimum commitment of 10% and a maximum commitment of 25% of qualified units at the property.

Applicants must follow the program-specific requirements in the current version of the CHFA/DOH ConApp for complete requirements, which may vary by program and/or funding source. Documentation will be reviewed for acceptability by CHFA and/or its designee(s) and the Interagency Council on Supportive Housing and Homelessness (IACSH).

C. Department of Developmental Services (DDS) Supportive Housing

This documentation is for DDS referrals only. It excludes other state agency referrals, including CAN and Connecticut Section 811 Project-based Rental Assistance program (CT811) applicants. Documentation must include Applicant’s written commitment to fill supportive housing units through the DDS referral process in accordance with this Guideline. The written commitment document shall include:

1. Evidence of the affordability and need for supportive housing units among individuals with Intellectual I Disability (ID) in the Proposed Development’s location as verified by the Regional DDS office and/or DDS leadership. "Evidence of affordability" means an operating budget that shows that

SUPPORTIVE HOUSING GUIDELINE

the Supportive Housing units can be provided to households with incomes at or below 30% Area Median Income (AMI) for homeless individuals and families referred by the DDS.

2. Evidence of a partnership with a community-based provider of services to individuals with intellectual disabilities that is qualified by DDS and is currently receiving funds from DDS under contract in good standing. The commitment of service funding along with the signed MOU for the provision of services must be in place as a condition of the LIHTC carryover allocation agreement.
3. A list of Qualified Service Providers, qualified at the time of this publication, is available at the end of this Guideline.
4. Evidence of funding source(s) for the services to be provided along with a detailed budget for such services, and identification of the target population and referral process. Acceptable referral processes are described below. “Evidence of funding” means a formal letter of commitment from The Commissioner of DDS to fund services in, accordance with the individualized plans, to be provided by the DDS qualified agency with which the applicant chooses to partner.

Applicant will communicate with the partner agency and DDS leadership to ensure that the proposed Supportive Housing units are aligned with the DDS housing prioritization guidelines. The Applicant must demonstrate that the Supportive Housing units committed are appropriate for the population to be served. (For example, a project proposing to provide housing for individuals with intellectual disabilities should provide robust network bandwidth able to support significant use of assistive technology; also provide 1-2% of the units designated for Supportive Housing to be ADA compliant for individuals in wheelchairs). Participation in DDS Supportive Housing under this guideline limits the total number of units dedicated to Supportive Housing in a single project not to be greater than 25% of all qualified units.

See Appendix ## and Appendix ## for DDS Regional Staff Contacts and locational mapping, found at the end of this Guideline.

III. FUNDAMENTAL CONCEPTS

A. Housing First

Connecticut is a “Housing First” state and utilizes a system of seven regional CANs to prioritize housing the most vulnerable individuals and families experiencing homelessness. Developers proposing to include Supportive Housing units in their development for persons experiencing homelessness must adopt the Housing First concept and accept residents only through the regional CAN or CAN leadership for those units. The only exception to the CAN utilization requirement is for Applicants proposing to include Supportive Housing units in their development utilizing referrals from DDS, DCF, OEC, DSS or other applicable State agency.

B. Boundaries

Owners, property management companies, and their affiliates may not, with respect to residents, engage in medical, therapeutic, or other activities regulated by the U.S. Centers for Medicare & Medicaid Services.

Owners and property management companies will:

- expressly include reasonable accommodation in the application for tenancy;
- not ask applicants/residents for medical or other protected information unless and only to the extent legally necessary (e.g., processing reasonable accommodations);
- use standard leases with the same rights available to, and responsibilities expected of, all households, including duration of tenancy (cannot be transitional);
- not give a preference based on disability type (actual or perceived) or being a client of a particular provider; and
- ensure participation in any supportive services is entirely voluntary (not a formal or implied condition of occupancy).

C. Supportive Housing Commitment

If an Applicant has been awarded funding or LIHTCs through a competitive process, the Applicant must adhere to the commitments it made for the development relative to Supportive Housing at the time of application. The commitment of supportive housing units will be the subject of compliance monitoring carried out by CHFA or its designee. Failure to provide the committed units could result in an event of non-compliance, default, and forfeiture of tax credits.

Prior approval must be obtained from CHFA and/or DOH if any change from the original proposal is contemplated. Developments proposing to include Traditional Supportive Housing units in their unit mix will be subject to Quality Assurance Monitoring and/or Management and Occupancy Reviews on an ongoing regular basis.

IV. DEVELOPMENT LEASE-UP, TENANT SELECTION, AND CONNECTING TO THE CAN/CT811 REFERRAL PROCESS

A. Lease-Up

For Traditional Supportive Housing, all development owners, sponsors and management agents are responsible for understanding the process by which rental units are made available to individuals and families on the CAN wait lists. The Applicant will notify the CAN staff of anticipated vacancies as soon as possible to ensure proper coordination for prospective applicants.

The Tenant Selection Plan for the development will ensure that there are accommodations made for individuals experiencing homelessness who have housing barriers such as credit, criminal, and eviction histories.

SUPPORTIVE HOUSING GUIDELINE

Notification must be provided to CHFA and DOH three to six months prior to anticipated occupancy or when lease-up marketing efforts begin. Once occupancy is achieved, the owner and property manager are advised to monitor vacancies and to continue to reach out to their regional CAN and/or CAN leadership if a vacancy becomes available. The required information includes:

- Name and address of development
- Name and contact information for Owner
- Name and contact information for Property Management company
- Name and contact information for Service Provider entity
- Target Population – Example, chronically homeless adults and families
- Available supportive units (number and sizes) – Example, three-1BR and four-2BR units of Supportive Housing
- Any specific tenant eligibility requirements – Example, young adult under 24 years of age
- Any specific leasing exclusions – Example, certain types of criminal history
- Anticipated date of unit availability

For Supportive Housing under the CT811 program, all development owners and management agents are responsible for understanding the process by which available rental units are matched to individuals and families referred by DOH. Three to six months prior to anticipated occupancy or when lease-up marketing efforts begin, the owner or agent must submit a completed CT811 Unit Information form as part of the CT811 Referral Worksheet for each anticipated availability, which includes information on the management agent, project, and unit features. Once occupancy is achieved, the owner, sponsor and property manager are advised to monitor vacancies and to continue to reach out via email to DOH if a vacancy is anticipated, providing a revised Unit Information form for each vacancy.

B. Tenant Selection

Applicants seeking LIHTCs must include a preference of higher priority in the tenant selection plan for the proposed development's Supportive Housing units. For these units, an Applicant must certify in writing to give preference in its tenant selection plan for its Supportive Housing units to eligible households

1. on waiting lists of the CAN in the local market area unless HUD regulations prohibit such preference, or
2. comprised of individuals determined eligible by DDS on waiting lists to receive services, or currently receiving services, from DDS, or
3. comprised of families currently receiving services, or determined to be eligible to receive services, by DCF, or OEC, or

SUPPORTIVE HOUSING GUIDELINE

4. comprised of individuals or families determined to be eligible by DOH for participation in the CT811 program, which includes the following targeted population groups:
 - a. persons with disabilities who are currently institutionalized seeking transition to home and community-based supports and services, who need housing, and who are eligible for the State's Money Follows the Person (or other Demonstration program) and services through a Medicaid waiver administered by DSS;
 - b. persons diagnosed with Autism Spectrum Disorder who need housing or require placement outside of the family home, and who are eligible for services through a Medicaid waiver administered by DSS; and
 - c. persons with disabilities who are currently experiencing homelessness, who need housing, and who are eligible for services through the CANs.
 - d. persons with intellectual and/or developmental disabilities, who need housing, and who are eligible for services through a State Medicaid waiver.

V. DEFINITIONS

Agreement to Enter into a Rental Assistance Contract (ARAC) - means form HUD-92240-PRA, executed by DOH and the project owner, whereby the owner proposes to complete a housing project or commit an existing housing project as described in an approved application. Upon the acceptable completion of the project, the owner and DOH will enter into a Section 811 Rental Assistance Contract for the purpose of making rental assistance payments to enable eligible Extremely Low-Income Households to occupy units in the project.

Chronically homeless - means the experience of:

1. A "homeless individual with a disability" who: Lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and who has been homeless (as defined herein) continuously for at least 12 months or on at least 4 separate occasions in the last 3 years where the combined occasions must total at least 12 months. Occasions of homelessness must have been separated by a break of at least seven nights. Stays in an institution of fewer than 90 days do not constitute a break; or
2. An individual who has been residing in an institutional care facility for fewer than 90 days and met all of the criteria in paragraph 1. of this definition, before entering that facility; or
3. A family with an adult head of household (or if there is no adult in the family, a minor head of household) who meets all of the criteria in paragraphs 1. or 2. of this definition, including a family whose composition has fluctuated while the head of household has been homeless.

Coordinated Access Network (CAN) - means a single access point, standardized assessment and referral process for community resources within a geographic region for people experiencing a housing crisis and/or homelessness.

Dedicated Plus - means Permanent Supportive Housing with units dedicated to house people who are highly vulnerable but not currently experiencing chronic homelessness.

SUPPORTIVE HOUSING GUIDELINE

Disability or Disabling Condition in the context of Chronic Homelessness or Dedicated Plus is [defined by HUD](#) as a condition that:

- Is expected to be long-continuing or of indefinite duration;
- Substantially impedes the individual's ability to live independently; AND
- Could be improved by the provision of more suitable housing conditions; AND
- Is a physical, mental, or emotional impairment, including an impairment caused by alcohol or drug abuse, post-traumatic stress disorder, or brain injury;

OR

- Is a developmental disability, as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002); or
- Is the disease of acquired immunodeficiency syndrome (AIDS) or any condition arising from the etiologic agency for acquired immunodeficiency syndrome, including infection with HIV.

Disability, in the context of persons eligible for CT811 program - means any of the following:

1. A person who has a physical, mental, or emotional impairment, which:
 - a. is expected to be of long continued and indefinite duration;
 - b. substantially impedes his or her ability to live independently; and
 - c. is of such nature that such ability could be improved by more suitable housing conditions.
2. A person who has a developmental disability if he or she has a severe chronic disability which:
 - a. is attributable to a mental or physical impairment or combination of mental and physical impairments;
 - b. is manifested before the person attains age twenty-two;
 - c. is likely to continue indefinitely;
 - d. results in substantial functional limitation in three or more of the following areas of major life activity: (i) Self-care; (ii) Receptive and expressive language; (iii) Learning; (iv) Mobility; (v) Self-direction; (vi) Capacity for independent living; (vii) Economic self-sufficiency; and
 - e. reflects the person's need for a combination and sequence of special, interdisciplinary, or generic care, treatment, or other services which are of lifelong or extended duration and are individually planned and coordinated.
3. A person with a chronic mental illness, i.e., a severe and persistent mental or emotional impairment that seriously limits his or her ability to live independently, and which impairment could be improved by more suitable housing conditions.
4. A person infected with the human acquired immunodeficiency virus (HIV) and a person who suffers from alcoholism or drug addiction, provided they meet definition 1 and/or 2.

Eligible household, in the context of CT811 – means an extremely low-income household consisting of one or more persons where at least one person must be an individual with a disability, 18 years of age or older and less than 62 years of age at the time of initial occupancy. The person with the disability must be eligible for long-term, community-based services as provided through Medicaid waivers, Medicaid state plan options, state-funded services or other appropriate services related to the type of disability.

SUPPORTIVE HOUSING GUIDELINE

Eligible multifamily property, in the context of CT811 - means any new or existing property owned by a nonprofit, public or a private entity with at least five housing units. Financing commitments have been made by DOH or any housing agency currently allocating LIHTC under Section 42 of the Internal Revenue Service Code of 1986 (IRC) or any state housing or state community development agency allocating and overseeing assistance under the HOME Investment Partnerships Act (HOME) and/or any federal agency or any state or local government program. Development costs, if any, are paid with other public or private resources. Section 811 and Section 202 Capital Advances may not be used. Properties with existing use restrictions for persons with disabilities are not eligible, unless CT811 funds are being used to support other units in the building without such restrictions. In addition, units with use agreements requiring housing for persons 62 or older would not be eligible to receive Rental Assistance Payments.

Episode of Homelessness - means “a separate, distinct, and sustained stay on the streets and/or in a homeless emergency shelter.” HUD requires that “a chronically homeless person must be unaccompanied and disabled during each episode.”

Extremely Low-Income household – means an individual or family whose annual income does not exceed 30 percent of the median income for the area, with adjustments for family size.

Family homelessness - means the experience of one or more adults with at least one dependent child aged eighteen (18) or younger, and that has income(s) at or below 50% of AMI at the time of entering housing, and:

1. one or more adults has been determined to be eligible by DDS or DCF; OR
2. is homeless; and currently meets at least one of the following conditions:
 - a. Experiencing one or more barriers to housing stability (e.g., head of household with cognitive limitations, history of trauma, mental illness and/or chemical dependency).
 - b. Presently involved in the child-welfare system, including children who have been placed in out-of-home care.
 - c. Meets the eligibility criteria under the Federal Temporary Assistance for Needy Families (TANF) Program but has become ineligible or are at risk of ineligibility for TANF cash assistance due to time limits.
 - d. Is a parent re-entering the community from incarceration.
 - e. Has a child with serious mental health or emotional disturbance/disability.

Homeless - means that a person or family resides in one of the following places or circumstances:

1. Places not meant for human habitation such as cars, parks, sidewalks, and abandoned buildings.
2. Emergency shelters.
3. Transitional or rapid re-housing for homeless persons or families who originally came from the streets or otherwise outdoors or an emergency shelter and who lacks the resources to be able to sustain a rental unit once the rapid rehousing rental assistance terminates.

SUPPORTIVE HOUSING GUIDELINE

4. Any of the above places but is spending a short period of time, up to ninety (90) consecutive days, in a hospital or other institution.
5. Is being evicted within one week from a private dwelling and no subsequent residence has been secured and the person lacks the resources and support networks needed to obtain housing.
6. Is being discharged within one week from an institution in which the person has been resident for no more than ninety (90) consecutive days and no subsequent residence has been secured and the person lacks the resources and support networks needed to obtain housing.
7. In the case of families, the term “homeless” refers to DCF involved families including those families living doubled up with other families in accordance with The McKinney-Vento Homeless Assistance Act Subtitle B-Education for Homeless Children and Youth, which defines “homeless children and youth” as “children and youths who are sharing the housing of other persons due to loss of housing, economic hardship or a similar reason.”
8. In the case of individuals with intellectual disabilities, the term “homeless” refers to DDS involved individuals living in a situation such as a group home or institutional setting, or in a setting that does not permit the greatest level of independence attainable, and that upon release, discharge, or exit from that setting the individual would have no safe place to go in the community.

Housing First - means an approach to ending homelessness that centers on providing people experiencing homelessness with housing as quickly as possible, and then providing services as needed. Housing First offers individuals and families experiencing homelessness immediate access to affordable or Supportive Housing options without clinical prerequisites like completion of a course of treatment or evidence of sobriety.

IACSH Recognized Service Provider - means a community-based service provider organization experienced in the provision of tenancy sustaining services, often for specialized and specific populations, that has been recognized by the Interagency Council on Supportive Housing and Homelessness (IACSH) as an acceptable substitute for a Qualified Service Provider. Applicants are advised to contact the IACSH through CHFA and/or DOH for guidance and to request that a service provider entity be recognized. A list will be developed as service providers are recognized.

Justice-involved Persons - Individuals who have had contact with the criminal justice system, including individuals who are currently or were formerly incarcerated, are on probation or parole, or have been involved in other ways.

Moving-On Households – means any individual or family that is exiting a service-subsidized setting because they no longer have a need for intense services and may require no- or light-supports on an ad hoc basis.

Project Sponsor - means an entity that materially participates or has a defined role that is essential to the development and operations of the property.

Qualified Service Provider - means a community-based service provider organization experienced in the provision of Supportive Housing and tenancy sustaining services that has received extensive DMHAS, DCF or DDS training and is currently receiving funds from DMHAS, DCF or DDS under contract in good standing. A list of Qualified Service Providers, qualified at the time of this publication, is available at the end of this Guideline.

SUPPORTIVE HOUSING GUIDELINE

Resident Service Coordinator - means a professional who works in housing communities to improve the quality of life for residents by connecting them with resources and support services. RSCs assess residents' needs, establish and maintain support services, monitor service delivery, and advocate for residents' needs. They act as a bridge between residents, property management, and community resources.

Resident Service Coordinator, Credentialed - means a Resident Service Coordinator who has a relevant degree in social work (MSW, LCSW, etc.) and/or has a minimum of five years' practical experience in providing resident services in affordable multifamily rental housing communities or in a municipal social service department or in a comparable setting.

Supportive Housing - means housing that is not time-limited and that has as its primary purpose assisting the individual or family to live independently in the community and meet the obligations of tenancy. Supportive Housing combines decent, safe and affordable housing with individualized support services. All tenants of this housing must have access to flexible, individualized services for as long as they are needed to achieve and retain permanent housing, increase their life skills and income, and achieve greater self-determination. The following are criteria for Supportive Housing:

1. Tenants have individual apartment units.
2. Tenants hold leases.
3. The length of stay is not limited and is determined by the individual or family tenant as long as the tenant is in lease compliance.
4. The tenant's use of services or programs is not a condition of tenancy.
5. The tenant has access to a flexible array of comprehensive services, which may include medical and wellness, mental health, substance abuse management and recovery, vocational and employment, money management, coordinated support (case management), life skills, household establishment and tenant advocacy.
6. There is a working partnership that includes general ongoing communication between the supportive services provider, property owner, and property management entity, and the consent of the resident for any specific communication between the parties.
7. Permanent Supportive Housing additionally has the following elements:
 - a. **Affordability** - Units set aside for Supportive Housing should be affordable to households with incomes less than 30% either through a project-based rental subsidy or some other mechanism. It is anticipated that such a household would pay no more than 30% of the current Supplemental Security Income (SSI) benefits it may receive. See the fact sheet at the [Social Security Administration](#) for more information and for the current SSI rates for underwriting purposes.
 - b. **Services Plan** -The developer must demonstrate a clear plan to provide services to individuals and families in Supportive Housing. Elements of this plan are included herein but should include, at a minimum, an executed contract with a Qualified Service Provider or an IACSH Recognized Service Provider, a clear description of the services to be provided and a budget for those services as well as documentation of adequate funding for the provision of services.

SUPPORTIVE HOUSING GUIDELINE

- c. **Tenant Selection Plan** - Applicants for funding must develop a tenant selection plan that describes how applicants will be identified and assisted in renting the Supportive Housing units utilizing the CAN, DCF or DDS referral as appropriate.
- d. **Integration** - Developments should include both individuals and families eligible for supportive housing along with individuals and families that are not eligible.

Young adult homelessness - means an individual who has income at or below 50% AMI at the time of entering housing and who is:

- 1. aged 18-24 and homeless or transitioning from youth systems such as foster care or DCF residential programs and is at imminent risk of homelessness; and
- 2. would not be able to retain stable housing without tightly linked support services.

VI. SERVICE FUNDING

Funding Source: Funding for services can be demonstrated through a federal or state agency funding commitment, operating funds generated through the project, a capitalized service reserve, documented commitment by the development Applicant, or a combination of any or all of the above. Service funding through development operations or capitalized reserves must be guaranteed by the Applicant for the entire compliance period, or a minimum of fifteen (15) years.

- 1. **Service Budget:** The amount of funding expected for the supportive units/occupants must be estimated in a detailed service program budget submitted for review and acceptance. The anticipated cost of services should reflect the level and kinds of services to be provided. Both the Service Plan and the detailed service program budget are subject to approval. The amount of funding typically budgeted for services is \$9,500 per person or head of household per year for the DMHAS targeted homeless population only.
- 2. Pending funding availability, DDS agrees to provide service funding to individuals referred by DDS and selected for tenancy in the units supported by the approved service provider. Funding will be based upon the individual Level of Need (LON) funding and Planning Team identified services. The service funding will be paid directly to the approved service provider for such services. Ongoing tenancy is not contingent upon acceptance of services and individuals have the right to choose an alternative service provider once in residence should they wish to exercise that right.
- 3. The Service Funding requirement is not applicable to Supportive Housing under the CT811 program. At the time of referral to the Supportive Housing unit, an eligible household must be qualified for long-term, community-based services as provided through Medicaid waivers, Medicaid state plan options, state-funded services or other appropriate services related to the qualifying household member's disability. The DOH in collaboration with the CT811 Interagency partners ensures that qualified individuals are eligible for and have access to services appropriate for their disability at the time of referral to a CT811 supported unit.

VII. SUPPORTIVE HOUSING – EXPANSION OF ACCESS TO SERVICE PROVIDERS

In instances of specialized target populations where the Applicant believes a service provider not currently on the list of Qualified Service Providers can better meet the needs of the intended consumers, the Applicant may request IACSH-Recognized Service Provider status for the provider. The provider shall read this Guideline and be familiar with the concepts and best practices included. Additionally, the following shall apply:

An organization that wishes to be recognized for the purposes of a financing or a LIHTC application with CHFA or DOH shall submit a Service Plan for the proposed development following the outline described herein. Owners will then submit Service Plans to CHFA or DOH to be provided to the IACSH for review. Any final determination of acceptability made by the IACSH is binding on the developer/owner and its management agents and the provider agencies.

VIII. SERVICE PLAN FOR CAN REFERRALS

The Service Plan must be prepared by a Qualified Service Provider or an IACSH-Recognized Service Provider and be designed to meet the needs of the specific population to be served to ensure access by the tenants to the non-clinical and clinical services they need and choose to achieve and retain permanent housing, increase their skills and/or income, and achieve greater self-determination. The Service Plan, which must be written, should be clear and concise, not longer than 15 pages, and updated at least annually. The Service Plan shall:

- a. Reflect the importance and value of connecting tenants with mainstream resources, including employment and education or training programs, federal and state entitlement programs, and healthcare programs. The Service Plan should describe existing and planned linkages with vocational, educational and healthcare providers within the locality or region to be serviced;
- b. Incorporate natural supports (family, peers, faith communities, etc.);
- c. Articulate and describe strategies for relapse prevention and management, and linkages to treatment that will be developed to support these (for the DMHAS targeted homeless population only);
- d. Ensure that services are available for as long as is needed by the individual; and
- e. Articulate under what circumstances, if any, an individual would be "discharged" from supportive services.

IX. SERVICE PLAN OUTLINE (as applicable)

1. The Project Summary

SUPPORTIVE HOUSING GUIDELINE

Provide a brief overview of your proposed project (housing and services) in one paragraph.

2. The Population(s) to be Served

Who will be served by the proposed housing? Identify the following:

- a. Their characteristics.
- b. Where they live and why are they considered eligible for tenancy in the development.
- c. Their needs within the locality or region for the types of housing and services proposed.
- g. Describe your plans for outreach and referral to be used to reach the targeted population(s).
- h. Describe approaches that are being used, or will be used, to maximize participation by consumers reflective of the target population(s) to be served in the design and development of the housing and service approach and, to the extent possible, in the operation of the housing.

3. Housing Plan

- a. Describe the housing where the target population(s) will reside:
 - i. The total number of housing units and the number of units set-aside for Supportive Housing
 - ii. Sizes of apartments set aside for the target population(s) (efficiency, 1 bedroom, 2 bedroom, etc.);
 - iii. Configuration of the housing units (units will be widely scattered throughout an area, or clusters of units will be scattered throughout an area, or all units will be located in a single building, or other configuration);
 - iv. How the housing will be integrated to include units serving the targeted population(s) mixed with others.
- b. Describe strategies you will undertake to ensure:
 - i. Safety of the tenants;
 - ii. Access by tenants to transportation, education, employment opportunities and community amenities; and
 - iii. Housing quality (i.e., apartments that meet HUD quality standards, building and fire codes).
- c. Access to and selection for the housing:
 - i. How will you coordinate with the respective CAN, DDS, DCF, DOH or other State agency staff as applicable to fill units within the proposed development?
 - ii. How will the targeted population(s) apply for and be evaluated for the housing? What conditions, if any, will be placed on their entry into the housing?
- d. Tenancy conditions: Tenants must hold leases for a term of not less than twelve months.
- e. Consumer preference: How does the housing as described above fit the needs and preferences of the targeted population(s)?

4. Support Services

- a. Describe the support services to be made available to tenants:

SUPPORTIVE HOUSING GUIDELINE

- i. Describe the goals of the supportive services to be provided, and how the services are designed to meet the needs and preferences of the targeted population(s) and the individual needs and preferences of the persons and families to be served.
- ii. In your description, address the following components:
 1. What services will be provided and by whom?
 2. Service structure: describe staff positions, staff/service recipient ratios, staff hours, after-hours access, and minimum staff qualifications.
 3. Will the service team have offices on-site (at the housing) or off-site (at a nearby location)?
 4. How the service team will be internally coordinated – lines of communication, supervision and accountability.
 5. How services will link with available community and regional resources, including existing case management systems and treatment systems.
 6. How services will reflect the importance and value of employment and the strategies that will be used for making employment and continued employment possible. Identify the existing linkages with employment and educational resources within the region, or describe your agency's plans to establish such connections.
 7. How services will incorporate natural supports (family, peers, faith communities, etc.).
 8. Any additional strategies fully described that will be taken to ensure the service program's consistency with the service Guideline contained herein.

- b. Provide the anticipated budget for the services to be provided and the source of funding.

Describe how the targeted population(s) will access the services, including how they will be able to access tenancy support services where they live.

X. SUPPORTIVE HOUSING QUALITY INITIATIVE PROGRAM

- A. The Supportive Housing Quality Initiative ("SHQI") applies to all Supportive Housing projects and Supportive Housing units in affordable developments funded by CHFA and/or the State. This is in addition to LIHTC compliance monitoring with the exception of Supportive Housing units under the CT811 program. Compliance with the SHQI standards will be monitored through periodic site visits during which the monitoring agency will review files, interview staff and meet with tenants to assess compliance since the last site visit. Site visits will assess compliance with the following domains:
 - Domain 1: Facilitated Access to Housing and Services
 - Domain 2: Tenants Rights, Inputs, and Leadership
 - Domain 3: Housing Quality and Safety
 - Domain 4: Support Service Design and Delivery: Person Focused/Person Centered Services and Tenant Engagement

SUPPORTIVE HOUSING GUIDELINE

- Domain 5: Support Service Design and Delivery: Services that Promote Recovery, Wellness, and Community Integration
 - Domain 6: Focus on Housing Stability
 - Domain 7: Building Internal Quality Assurance Practices, Key Staffing and Coordination
- B. DDS service recipients will also receive a Quality Service Review. The Quality Service Review (QSR) is the DDS quality review system that measures personal outcomes and provider support expectations across all service delivery settings. The QSR evaluates the quality of supports delivered by Qualified Providers and assesses the individual's satisfaction with services and supports. The QSR includes seven focus areas:
1. Planning and Personal Achievement
 2. Relationships and Community Inclusion
 3. Choice and Control
 4. Rights, Respect, and Dignity
 5. Safety
 6. Health and Wellness
 7. Satisfaction

XI. QUALIFIED SERVICE PROVIDERS FOR TRADITIONAL SUPPORTIVE HOUSING

A. DEPARTMENT OF MENTAL HEALTH AND ADDICTION SERVICES

The below agencies have received extensive, applicable training, and are qualified and acceptable to provide supportive services for the homeless populations.

ACCESS Agency, Inc. (Killingly and Putnam)
