

**Clarification of Questions and Responses to CHFA 232 Request for Proposals for  
Comprehensive Online Homebuyer Education Program:**

Question: Please clarify the answers previously provided about the number of potential courses that CHFA anticipates will be created. Is it CHFA's intention to continue to offer a single approved online homebuyer course or more than one online homebuyer education course?

***Response: Currently, CHFA offers one online homebuyer pre-purchase education program and would like to continue to offer that program. However, CHFA is open to exploring additional online homebuyer education programs that may be available.***
