SCOPE OF SERVICES

CHFA is seeking proposals from firms with experience in developing strategic information technology plans to develop an IT Plan for CHFA, which will guide CHFA’s investment in information technology over the next three years. The selected firm will conduct an assessment, including but not limited to, the following:

- IT infrastructure and technology systems currently used
- Risks of system failure
- Cyber security risks
- Inoperability of existing legacy systems
- Business continuity/disaster recovery
- Emergency preparedness
- Components that require upgrading
- Staffing resources, including positions, roles, skills, organization structure for IT

Business Drivers

The major business drivers requiring the development of the IT plan are:
- Achieving CHFA’s strategic and tactical business goals through use of technology;
- The desire for new and improved technologies to support business lines within the departments;
- The need for enhanced information access, management and analytics to drive business strategy;
- The need for established priorities and budget forecasts;
• The need for a long-term Technology Roadmap;
• Identified need for data integration and interfaces;
• Benchmarking technology against peer organizations to identify best practices; and
• The desire to identify opportunities for cost reduction and growth management.

Primary Objectives

The primary objectives of this effort would be to:

• Develop an understanding of CHFA’s overall technology needs in light of its business goals and operational plans;
• Conduct an assessment of CHFA’s systems environment in relation to emerging trends and developments;
• Assess CHFA’s current business application needs and develop a recommendation for the future technology utilization;
• Assess the current security capabilities and practices in light of industry standards; and
• Develop a comprehensive three year IT plan.

Major Deliverables

The major deliverables of the IT Plan are:

• A project plan with clear milestones
• Questionnaires, interview protocols and other data collection tools
• Report on current technology (software and hardware) including:
  o IT Organizational Assessment
  o Current state of affairs (IT organization)
  o Recommendations for improving value and service delivery
• Report assessing technology needs and related business practices, projected over the next three years
• An evaluation of the current infrastructure with a tactical plan for correcting and/or strengthening identified weaknesses
• A three year strategic plan with an executive summary addressing the scope of services and any other critical issues identified in the process of stakeholder discussions
• A yearly prioritized roadmap of specific software and hardware recommendations
• An assessment of the required IT organization and staffing levels, position types, and skill requirements necessary to support full implementation of the strategic plan recommendations
• Priority list of programs / projects with timeline, estimated cost for completion and quantified ROI
• Matrix/decision tree to facilitate future project prioritization
• Presentation to Leadership team and the Board of Directors which will include an executive summary of the technology plan
Working under the direction of the Director of Information Technology, the selected firm will be responsible for creating and delivering a written and documented IT plan along with a three-year roadmap, which will:

1. **Document Current State of Technology Utilization**
   The IT plan shall include a high-level overview report of the current CHFA systems environment and data flows across all divisions and departments, including automated/supported workflow and systems integration. This work will include a review and assessment of IT documentation, current hardware and software, the current level of system integration and automation utilization, and shall include an assessment and input from a review of documents, discussions with IT staff, and CHFA IT users, and current IT vendors.

2. **Document Desired State of Technology Utilization**
   Recommend and document the vision and objectives for technology utilization and deployment for CHFA including the selected firm’s perspective on industry vision and objectives as well as state of the art utilization and integration through 2024. The desired state should enhance CHFA’s ability to get closer to its customers; integrate data across the organization; leverage data as a competitive advantage and rationalize business processes and the supporting infrastructure. The desired state should identify projected technology needs and identify gaps between current state and desired state technology utilization and deployment. The recommended vision should identify and prioritize the options for IT advancement on the spectrum from CHFA current state to “most wired” state.

   This work should include interviews with key staff, discussion with other state housing finance agencies as well as the selected firm’s independent research and knowledge of future business technology innovations in the industry, including banking financial systems, investments management systems, regulatory reporting, mortgage financing and loan servicing systems, front-in (customer) and back-end administrative and operations, management and reporting, and general financial services. The goal is that changes in technology will raise operational efficiency and managerial oversight, lower costs, increase compliance with evolving regulations and provide new capabilities to address external and internal customer needs based on best practices for the industry.

3. **Information Technology Strategic Plan and Roadmap**
   The culmination of this work should lead to the development of a written three-year plan which articulates the strategic vision and objectives; the rationale for the strategic investments and a prioritized technology strategy “roadmap” (by year) for proposed systems including projected costs and timeline. The selected consultant must provide a statement of technology projects/initiatives (by year and rationale) and capital-funding plan by year. The plan must also include recommendations for staffing, governance and organizational changes necessary to enable and support the full implementation of the strategic plan recommendations.
The IT plan should describe the functionality of the proposed systems and address the prioritized sequence and timing of systems implementations, integration of systems with current/proposed systems. An estimated cost range for each system should also be included, inclusive of development, installation, capital investment and on-going system support and maintenance. The benefits of each proposed system should be briefly described, including compliance, improvements in efficiency, as well as an assessment of monetary or non-monetary return on investment for each.

An assessment of the risks and critical success factors should be a component of the plan.

**CHFA’s Current Technology Environment**

CHFA manages a multi-server network that provides application, file and print services for the organization’s users (approximately 140). CHFA’s standard network operating system desktop operating systems are built on Microsoft Windows™ platform. The servers are RAID configured for hard drive mirroring and on-line redundancy, and are protected by uninterruptible power supply (UPS) devices, which provide emergency backup power. There is currently no backup generator on-site.

The CHFA Network consists of several internal virtual LANs (VLANs) and associated IP Subnets. A Firewall cluster provides access controls and connectivity over the organization’s redundant Internet architecture utilizing BGP peering.

The technology functions at CHFA are managed by the Director of Information Technology, who directs a staff of eleven, including Developers, Support Specialists, System Analysts and Network Specialists. The Information Technology Department is responsible for supporting the organization’s technology needs, including software development, software/hardware procurement, telecommunications, licensing and maintenance, network connectivity and security, storage, applications and information management systems and databases. The IT staff is responsible for all technical and administrative issues relating to CHFA’s hardware, network and applications, including password maintenance, user support, data backup and technology-related policies and procedures.

**CAMPAIGN CONTRIBUTION AND SOLICITATION LIMITATIONS**

No state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor, with regard to a state contract or state contract solicitation with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder, of a valid prequalification certificate, shall make a contribution to (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee.

In addition, no holder or principal of a holder of a valid prequalification certificate shall make a contribution to (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of state senator or state representative, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee.

On and after January 1, 2011, no state contractor, prospective state contractor, principal of a state contractor or principal of a prospective state contractor, with regard to a state contract or state contract solicitation with or from a state agency in the executive branch or a quasi-public agency or a holder, or principal of a holder of a valid prequalification certificate, shall knowingly solicit contributions from the state contractor’s or prospective state contractor’s employees or from a subcontractor or principals of the subcontractor on behalf of (i) an exploratory committee or candidate committee established by a candidate for nomination or election to the office of Governor, Lieutenant Governor, Attorney General, State Comptroller, Secretary of the State or State Treasurer, (ii) a political committee authorized to make contributions or expenditures to or for the benefit of such candidates, or (iii) a party committee.

Contributions or solicitations of contributions made in violation of the above prohibitions may result in the following civil and criminal penalties:

**Civil penalties**—Up to $2,000 or twice the amount of the prohibited contribution, whichever is greater, against a principal or a contractor. Any state contractor or prospective state contractor which fails to make reasonable efforts to comply with the provisions requiring notice to its principals of these prohibitions and the possible consequences of their violations may also be subject to civil penalties of up to $2,000 or twice the amount of the prohibited contributions made by their principals.

**Criminal penalties**—Any knowing and willful violation of the prohibition is a Class D felony, which may subject the violator to imprisonment of not more than 5 years, or not more than $5,000 in fines, or both.

**CONTRACT CONSEQUENCES**

In the case of a state contractor, contributions made or solicited in violation of the above prohibitions may result in the contract being voided.

In the case of a prospective state contractor, contributions made or solicited in violation of the above prohibitions shall result in the contract described in the state contract solicitation not being awarded to the prospective state contractor, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

The State shall not award any other state contract to anyone found in violation of the above prohibitions for a period of one year after the election for which such contribution is made or solicited, unless the State Elections Enforcement Commission determines that mitigating circumstances exist concerning such violation.

CONNECTICUT HOUSING FINANCE AUTHORITY ETHICS STATEMENT

The Connecticut Housing Finance Authority ("CHFA") was created in 1969 by the State legislature as a quasi-public agency of the State of Connecticut. Its purpose is to help alleviate the shortage of affordable housing for low and moderate-income families and persons in Connecticut, and when appropriate, to promote or maintain the economic development of the State through employer-assisted housing efforts.

CHFA administers a multi-billion dollar portfolio of housing related financing in the State resulting primarily from its loan programs for both single and multifamily housing. These programs are financed by the proceeds of tax exempt and taxable bonds issued by CHFA together with State funds it administers and its own funds. CHFA has significant interaction with the State and private financial markets and has relationships with both nonprofit and for profit developers of housing. It is important that the CHFA Board of Directors and its employees and persons doing business or seeking to do business with CHFA understand and comply at all times with CHFA's ethical standards in the performance of their duties and conduct of their business.

It is the policy of the Connecticut Housing Finance Authority that its employees and members of its Board of Directors will comply with all laws and regulations pertaining to the conduct of CHFA's business and administration of its programs and that they will do so with the highest standards of ethical behavior. Those with whom CHFA does business are expected to similarly comply with applicable laws and regulations and standards. Any breach or deviation from applicable laws and regulations or standards will result in appropriate disciplinary action including but not limited to termination of employment and sanctions as required by CHFA and state law.

The CHFA Board of Directors and all CHFA employees are subject to the Code of Ethics for Public Officials, Connecticut General Statutes Chapter 10, Part 1, §§1-79 through 1-89 as amended ("Code of Ethics") in the discharge of their duties, including, but not limited to, the following provisions:

- Gifts - In general, acceptance of gifts from anyone doing business with or seeking to do business with CHFA or from persons known to be a registered lobbyist or lobbyist's representative is prohibited
- Financial Benefit - use of office for financial benefit of the individual, certain family members or associates is prohibited
- Outside Employment - outside employment which may impair independence of judgment or create a conflict of interest is prohibited
- Financial Disclosure - filling of financial disclosure statements with the State Ethics Commission is required by certain employees of the Board of Directors
- Post-State Employment - acceptance of employment with parties to contracts or regulated parties upon leaving CHFA is restricted
- Financial Disclosure - certain exceptions for member or former member of the boards or commissions who serve ex officio, who are required by statute to represent the regulated industry or who are permitted by statute to have a past or present affiliation with the regulated industry

Members of the Board of Directors and all CHFA employees are provided a copy of the Code of Ethics. Additionally, CHFA employees are subject to the provisions of the CHFA employee handbook as amended ("Employee Handbook") including, but not limited to:

- Provisions limiting conflicts of interest and requiring filing of a statement with the President-Executive Director regarding any outside employment ($107)
- Requiring gifts with a value of $10 or less to be accepted provided to CHFA ($107)
- Prohibiting acceptance of meals or entertainment from those in a position to benefit from CHFA decisions, contracts or financing ($107)
- Limitations on outside employment including prohibiting conducting outside business or employment during working hours or using CHFA facilities or resources to conduct any business other than CHFA official business ($108)
- Requiring compliance with the Code of Ethics ($701)

Copies of this Ethics Statement, the CHFA Ethics and Employee Handbook are provided to employees and to each new employee prior to the commencement of employment with CHFA. Employees are required to sign a statement acknowledging receipt of the Code of Ethics and Employee Handbook and agreeing to comply with its requirements.

Employees who leave CHFA are required to comply with the Code of Ethics provisions regarding post-employment and are reminded of these during an exit interview with CHFA's Human Resources staff.

Breaches of any of the provisions of the Code of Ethics or Employee Handbook or other governing laws or regulations will result in disciplinary action up to and including dismissal, in addition to sanctions provided by state law.

CHFA has designated as its Ethics Liaison its General Counsel. The Ethics Liaison is an available resource to CHFA employees regarding statutory and regulatory compliance and questions regarding ethical standards; however, questions concerning the applicability or enforcement of the Code of Ethics are to be directed to the State of Connecticut Ethics Commission.

Persons doing business with or seeking to do business with CHFA will be provided with a copy of this Ethics Statement and are required to comply with the applicable provisions of the Code of Ethics and the Code of Ethics for Lobbyists, Connecticut General Statutes §§1-91 through 1-101 and other governing laws and regulations including, but not limited to:

- Restrictions on gifts giving ($1-84(f)(a))
- Employment ($1-84(g),1-84b(e)(3)
